Preface

to the fourth edition of the

Bengal Statutory Rules and Orders

This edition of the Bengal Statutory Rules and Orders supersedes the edition published in the year 1925 and includes all the statutory rules and orders of general importance issued up to the 31st of December, 1939, under the various laws in force in Bengal. These have been arranged chronologically according to the number and year of the laws to which they relate. The statutory rules have been arranged according to the numbers of the sections of the law under which they have been issued.

2. The adaptations made by the General Clauses of the Government of India (Adaptation of Indian Laws) Order, 1937, have been included in all the rules and orders published in this edition.

3. Every effort has been made to ensure that the compilation of rules and orders contained in this edition is as complete as possible, but omissions may have occurred and the undersigned will be grateful if anyone discovering such omissions would be so kind as to report them to the Secretary to the Government of Bengal, Legislative Department. The edition will, as far as possible, be kept up to date by the periodical issue of correction slips.

4. No change has been made in the general method and arrangement adopted in the last edition except that—

- (1) the matters contained in Volume I of the last edition have not been republished since they are not of such importance as to justify publication and also it is very difficult to keep them corrected up to date;
- (2) amending notifications have not been printed separately from the main notifications to which they relate, but have been incorporated in the original notifications, and where necessary, explanatory footnotes have been made.

5. The following classes of rules and orders have not been included in the present edition for reasons which will be apparent in their enumeration :—

- (1) rules and orders which have not been published in the
• *Calcutta Gazette*;

- (2) rules and orders which are published in the departmental manuals and other authoritative publications of the Central or Provincial Governments;
- (3) all rules and orders which are not of general application, *i.e.*, rules and orders which relate exclusively to a local body or an individual or any particular local area;
- (4) all rules and orders which relate only to persons in the service of the Crown, *i.e.*, Civil Service Regulations, Secretariat Instructions, Rules of Business, etc.;
- (5) rules and orders issued under private or personal Acts unless they are of general application.
- (6) rules and orders which are of temporary duration only;
- (7) such general statutory rules and orders as are published in the compilation of the "General Rules and Orders" published by the Legislative Department of the Government of India.

6. My acknowledgments are due to Babu Naresh Chandra Chatterjee to whose lengthy and painstaking work this compilation is due, and also to Mr. Sudhindra Nath Mukerjee, M.A., B.L., First Assistant Secretary to the Bengal Legislative Department, under whose personal supervision this work has been done.

G. M. RATCLIFF,
*Secretary to the Government of Bengal,
Legislative Department.*

The 11th October, 1941.

Notification No. F.-922/25, dated the 16th August, 1927 (published in the "Calcutta Gazette" of 1927, pt. IA, p. 196).

The following rules made by the Secretary of State in Council of India, with the concurrence of the Lord Chancellor, under the Indian and Colonial Divorce Jurisdiction Act, 1926 (16 and 17 Geo. 5), are published for general information :—

RULES UNDER SECTION 1(4), INDIAN AND COLONIAL DIVORCE JURISDICTION ACT, 1926.

Short Title and Commencement.

1. (1) These rules may be called the Indian (Non-Domiciled Parties) Divorce Rules, 1927.
- (2) They shall come into force on the 27th day of July 1927.

2 INDIAN AND COLONIAL DIVORCE JURISDICTION ACT, 1926.

Appointment of Judges.

2. (1) As soon as may be after the coming into force of these Rules the Chief Justice of each of the High Courts referred to in sub-section (1) of section 1 of the Indian and Colonial Divorce Jurisdiction Act, 1926 (hereinafter called "the Act") shall submit to the Lord Chancellor through the Secretary of State for India the names of such number of judges of the Court (including, if he thinks fit, the name of the Chief Justice himself) not exceeding six, as he may consider necessary for the purpose of exercising jurisdiction under the Act and these Rules.

(2) Upon the approval of the Lord Chancellor to any nomination so submitted being signified to the Chief Justice by the Secretary of State for India, the Chief Justice shall cause the names so approved to be notified in the local official Gazette (or, in the case of the High Court of Judicature at Calcutta, in the *Gazette of India*) as judges appointed to exercise jurisdiction under the Act, and the judges whose names shall have been so notified shall thereupon have power to exercise jurisdiction accordingly.

(3) At any time after the first nominations under these rules have been approved, the Chief Justice may propose the names of a further judge or judges to take the place of, or to exercise jurisdiction in addition to, the judge or judges for the time being having powers under the Act; and when such further nominations are approved they shall be notified as aforesaid.

3. Every petition under the Act shall be heard by a single judge nominated and approved as hereinbefore provided, sitting without a jury, and, subject to the provisions of the Indian Limitation Act, an appeal shall lie to a bench of two other judges who have been similarly nominated and approved against any decree or order which would be appealable if it had been passed in proceedings under the Indian Divorce Act, 1869, and shall be disposed of accordingly. Each such bench shall be constituted by the Chief Justice as occasion may arise.

4. Nothing in these rules shall be deemed to prevent the exercise of any ultimate right of appeal to His Majesty in Council.

Petition.

5. All proceedings under the Act shall be commenced by filing a petition to which shall be attached a certified copy of the certificate of the marriage.

6. (1) In the body of a petition praying for the dissolution of a marriage shall be stated—

- (i) the place and date of the marriage and the name, status and domicile of the wife before the marriage,
- (ii) the status of the husband and his domicile at the time of the marriage and at the time when the petition is presented, and his occupation and the place or places of residence of the parties at the time of institution of the suit,
- (iii) the principal permanent addresses where the parties have cohabited, including the address where they last resided together in India,
- (iv) whether there is living issue of the marriage, and if so the names and dates of birth or ages of such issue,
- (v) whether there have been in the Divorce Division of the High Court of Justice in England or in the Court of Session in Scotland or in any Court in India any, and if so what, previous proceedings with reference to the marriage by or on behalf of either

of the parties to the³ marriage, and the result of such proceedings,

(vi) the matrimonial offences charged set out in separate paragraphs with the times and places of their alleged commission,

(vii) the claim for damages, if any,

(viii) the grounds on which the petitioner claims that in the interests of justice it is desirable that the suit should be determined in India.

(2) The petition shall conclude with a prayer setting out particulars of the relief claimed, including the amount of any claim for damages and any order for custody of children which is sought and shall be signed by the petitioner.

Verification of petition.

7. The statements contained in every petition under these Rules shall be verified by the petitioner or some other competent person in manner required by the Code of Civil Procedure for the time being in force for the verification of plaints, and in cases where the petitioner is seeking a decree of dissolution of marriage the verification shall include a declaration authenticated in like manner that no collusion or connivance exists between the petitioner and the other party to the marriage, and that neither the petitioner nor, within the knowledge of the petitioner, the other party to the marriage, has instituted proceedings which are still pending for the dissolution of the marriage in England or Scotland.

Co-respondents and Interveners.

8. In every petition presented by a husband for the dissolution of his marriage the petitioner shall make the alleged adulterers co-respondents in the suit, unless the Court shall otherwise direct.

9. Where a husband is charged with adultery with a named person, a certified copy of the pleading containing such charge shall, unless the Court for good cause shown otherwise directs, be served upon the person with whom adultery is alleged to have been committed, accompanied by a notice that such person is entitled, within the time therein specified, to apply for leave to intervene in the cause.

Service of Petitions and Notices.

10. Every petition or notice referred to in these Rules shall be served on the party to be affected thereby, either within or without British India, in the manner prescribed by the Code of Civil Procedure for the time being in force for the service of summonses:

Provided that unless the Court for good cause shown otherwise directs, service of all such petitions and notices shall be effected by delivery of the same to the party to be affected thereby, and the Court shall record that it is satisfied that service has been so effected.

Answer and subsequent Pleadings.

11. A respondent or co-respondent, or a woman to whom leave to intervene has been granted under Rule 9, may file in the Court an answer to the petition. .

4 INDIAN AND COLONIAL DIVORCE JURISDICTION ACT, 1926.

12. (1) Any answer which contains matter other than a simple denial of the facts stated in the petition shall be verified in respect of such matter by the respondent or co-respondent as the case may be in the manner required by these Rules for the verification of petitions, and when the respondent is husband or wife of the petitioner the answer shall contain a declaration that there is not any collusion or connivance between the parties.

(2) Where the answer of a husband alleges adultery and prays relief, a certified copy thereof shall be served upon the alleged adulterer, together with a notice to appear in like manner as a petition. When in such case no relief is claimed the alleged adulterer shall not be made a co-respondent, but a certified copy of the answer shall be served upon him together with a notice as under Rule 9 that he is entitled within the time therein specified to apply for leave to intervene in the suit and upon such application he may be allowed to intervene, subject to such direction as shall then be given by the Court.

13. (1) If it appears to the Court that proceedings for the dissolution of the marriage have been instituted in England or Scotland before the date on which the petition was filed in India, the Court shall either dismiss the petition or stay further proceedings thereon until the proceedings in England or Scotland have terminated, or until the Court shall otherwise direct.

(2) If it appears that such proceedings were instituted after the filing of the petition in India, the Court may proceed, subject to the provisions of the Act, with the trial of the suit.

Showing Cause against a Decree Nisi.

14. The Central Government in the case of the High Court of Judicature at Calcutta and the Provincial Government in other cases shall appoint a person to exercise within the jurisdiction of each of the High Courts referred to in section 1 of the Act the duties assigned to His Majesty's Proctor by sections 181 and 182 of the Supreme Court of Judicature (Consolidation) Act, 1925, and the name of the person so appointed shall be notified in the *Gazette of India* or in the *Local Official Gazette*, as the case may be, by the designation of Proctor. Every Proctor so appointed shall in the exercise of his functions act under the instructions of the Advocate-General or other Chief Law Officer of the Province.

15. (1) If any person during the progress of the proceedings or before the decree nisi is made absolute gives information to the Proctor of any matter material to the due decision of the case, the Proctor may take such steps as he considers necessary or expedient.

(2) If in consequence of any such information or otherwise the Proctor suspects that any parties to the petition are or have been in collusion for the purpose of obtaining a decree contrary to the justice of the case, he may after obtaining the leave of the Court intervene and produce evidence to prove the alleged collusion.

16. (1) When the Proctor desires to show cause against making absolute a decree nisi he shall enter an appearance in the suit in which such decree nisi has been pronounced and shall within a time to be fixed by the Court file his plea setting forth the grounds upon which he desires to show cause as aforesaid, and a certified copy of his plea shall be served upon the petitioner or person in whose favour such decree has been pronounced or his advocate. On entering an appearance the Proctor shall be made a party to the proceedings, and shall be entitled to appear in person or by advocate.

(2) Where such plea alleges a petitioner's adultery with any named person a certified copy of the plea shall be served upon each such person, omitting such part thereof as contains any allegation in which the person so served is not named.

INDIAN AND COLONIAL DIVORCE JURISDICTION ACT, 1926. 5

(3) All subsequent pleadings and proceedings in respect of such plea shall be filed and carried on in the same manner as is hereinbefore directed in respect of an original petition, except as hereinafter provided.

(4) If the charges contained in the plea of the Proctor are not denied or if no answer to the plea of the Proctor is filed within the time limited or if an answer is filed and withdrawn or not proceeded with the Proctor may apply forthwith for the rescission of the decree nisi and dismissal of the petition.

DUTIES AND POWER.

General.

9. Subject to any general or special orders of the Secretary of State in Council, the Auditor-General shall be—

- (i) the final audit authority in India; and
- (ii) responsible for the efficiency of the audit of expenditure in India from the revenues of India.

He shall further be, to the extent authorised by these rules, the administrative head of the Indian Audit Department.

10. The Auditor-General shall have authority—

- (i) to inspect, either personally or through any audit officer, any Government office of accounts in India;
- (ii) to arrange for test audit in any Government office of accounts;
- (iii) subject to any orders of the Secretary of State in Council prescribing the nature and extent of the audit to be applied to specified classes of expenditure, to frame rules in all matters pertaining to audit, particularly in respect of the method and extent of audit and the raising and pursuance of objections.

Duties and Powers as regards Audit.

11. (a) The Auditor-General, without prejudice to his other audit functions, is responsible that audit is conducted with reference to the following canons, namely:—

- (1) Every public officer should exercise the same vigilance in respect of expenditure incurred from Government revenues as a person of ordinary prudence would exercise in respect of the expenditure of his own money.
- (2) Money borrowed on the security of allocated revenues should be expended on those objects only for which, as provided by rules made under the Act, money may be so borrowed. If the money is utilised on works which are not productive, arrangements should be made for the amortisation of the debt.
- (3) No authority should exercise its powers of sanctioning expenditure to pass an order which will be directly or indirectly to its own advantage.
- (4) Government revenues should not be utilised for the benefit of a particular person or section of the community unless—
 - (i) the amount of expenditure involved is insignificant, or
 - (ii) a claim for the amount could be enforced in a court of law, or
 - (iii) the expenditure is in pursuance of a recognised policy or custom.

(5) [*Omitted by the Central Government, Finance Department, notification No. F.-7-XL-Ex.-1/28, dated the 26th March, 1929.*]

- (6) The amount of allowances, such as travelling allowances, granted to meet expenditure of a particular type, should be so regulated that the allowances are not on the whole sources of profit to the recipients.

(b) The Auditor-General, or any principal auditor should bring to the notice of the 'Central Government or the 'Provincial Government, as the case may be, any breach of one of these canons.

12. The Auditor-General shall, if so required by the 'Central Government—

- (i) arrange for the audit of the accounts of the receipts of revenue of any Government department, the accounts of any public or quasi-public body, or any other accounts, although they may not relate directly to the receipt and expenditure of Government money; and
- (ii) arrange for the audit of stores or stock in the possession of an office or a department of Government, and for the audit of grants of land and alienations of land revenue.

13. If the Auditor-General considers it desirable that the whole or any part of the audit applied to Government accounts shall be conducted in the offices in which these accounts originate, he may require that these accounts, together with all books, papers and writings having relation thereto, shall at all convenient times be made available in those offices for inspection by his audit officers.

14. When an objection taken in the course of audit cannot be adjusted by a principal auditor in consultation with the authorities concerned, the Auditor-General may either instruct the principal auditor to withdraw the objection or require the 'Central Government or the 'Provincial Government concerned to obtain the requisite sanction, or in default, to recover the amount under objection:

Provided that—

- (i) If the objection to any expenditure is based solely on the ground that such expenditure contravenes one of the canons set out in rule 11 above, the Auditor-General or the principal auditor shall withdraw such objection at the request of the Finance Department stating that the breach of the canon and the action taken thereon by the Government will be reported as soon as possible to the Committee on Public Accounts, and
- (ii) if the 'Central Government or the 'Provincial Government, as the case may be, orders in writing that the recovery of the amount under objection shall be foregone, the Auditor-General or the principal auditor shall withdraw such objection, but may require that the action taken shall be reported as soon as possible to the Committee on Public Accounts.

15. (1) The Auditor-General shall, on such dates as he may prescribe, obtain from each principal auditor, and from any officers of the Indian Audit Department to whom he may entrust this duty, Audit and Appropriation Reports reviewing the results of the audit conducted by and under such officer during the past official year. Any officer of the Government may be called upon to provide any information necessary for the preparation of these reports, which shall be in such form and shall deal with such matters as the Auditor-General may prescribe. On receipt of these reports the Auditor-General shall transmit them to the 'Central Government or to the Finance Department of the 'Provincial Government concerned with such comments as he may think fit.

(2) The Auditor-General shall forward to the Secretary of State through the 'Central Government the several reports dealing with the total expenditure in India in each year with his detailed comments on each report, and may also offer such further comments of a general nature as he may think fit.

16. (1) The Auditor-General may on his own motion, and shall on reference being made to him by the 'Central Government or by a 'Provincial Government, review any audit decision of any audit officer, and if he thinks fit, overrule it.

(2) The Auditor-General may dispense with a previous reference to the Secretary of State in Council, otherwise required by the rules regarding sanction to expenditure from time to time in force, in cases where, in his opinion, the failure to obtain the sanction of the Secretary of State in Council involves a breach of the letter rather than of the spirit of the rules.

²(3) The Auditor-General may condone an omission to make a previous reference to the Secretary of State in Council which was required by any rule or order from time to time in force, prescribing the cases in which the previous sanction of the Secretary of State in Council to expenditure is to be obtained, in cases where, when the question comes before him in audit, the failure to obtain the previous sanction of the Secretary of State in Council has involved, in his opinion, a breach of the letter rather than the spirit of the rule or order.

17. The Auditor-General shall have power to require that any books, papers or writings relating to the accounts audited by the Audit Department shall be sent for inspection by him or by any other officer of the Indian Audit Department; provided that—

- (i) if the 'Central Government or the 'Provincial Government, as the case may be, certified that the documents in question are secret, the Auditor-General or officer, as the case may be, shall accept, in lieu of such documents and as a correct account of the facts stated therein, a statement certified by the 'Central Government or the 'Provincial Government; and
- (ii) if the documents are confidential, the officer, to whom they are made over shall be responsible for preventing disclosure of their contents.

Duties and powers as regards accounts.

18. The Auditor-General shall compile the Finance and Revenue Accounts of India in such form as may from time to time be prescribed by the Secretary of State in Council and shall send them to the 'Central Government for transmission to the Secretary of State in Council. He may call upon any Government officer to furnish any information in such form as may be required for the completion of these accounts.

19. The Auditor-General shall have power to prescribe the forms in which accounts shall be kept in audit offices: provided that no change which will affect the form of the Finance and Revenue Accounts shall be made without the previous sanction of the Secretary of State in Council.

Minor changes of detail, such as the opening of new minor heads, alterations affecting minor or detailed head, and the like, are not changes "affecting the form of the Finance and Revenue Accounts" within the meaning of this rule.

20. If a doubt or a dispute arises as to the major head under which a particular minor head, or as to the minor head under which a particular detailed head should be included, it shall be decided by the Auditor-General.

¹ Vide A. O.

² Substituted by notification No. F.—29-I.—F & E, dated 9th September 1926, of the Central Government, Finance Department.

21. The Auditor-General shall prepare in each year a review of the balances in the books, maintained by the audit departments and shall send it to the 'Central Government for submission to the Secretary of State in Council.

22. The Auditor-General shall have power to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and in which the initial accounts, from which the accounts to be rendered are compiled or on which they are based, shall be maintained.

23. The Auditor-General shall supply, or shall arrange that officers subordinate to him supply, any information required by the 'Central Government or by a 'Provincial Government which can be derived from the accounts maintained in the offices under his control.

24. The Auditor-General shall arrange that such assistance as may be required shall be rendered by the officers of the Indian Audit Department to the 'Central Government, the 'Provincial Governments and other authorities in the preparation of their annual budget estimates.

25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the Central Government is transferred to an authority other than the Auditor-General, the duties and powers of the Auditor-General in relation to the accounts of such province or department shall be as follows:—

- (i) The officers and establishments employed upon such maintenance shall not be subordinate to him.
- (ii) He shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India.
- (iii) He shall have power to prescribe the form in which and the time or times at which the accounts shall be submitted to him for audit and for inclusion in the Finance and Revenue Accounts of India.
- (iv) He shall exercise the powers and perform the duties prescribed by rules 20 and 21.
- (v) He shall not be bound by the provisions of rules 23 and 24.

Powers of Expenditure.

26. The Auditor-General shall exercise no powers of incurring expenditure without previous sanction other than such powers as may be delegated to him by the 'Central Government.

27. The 'Central Government shall arrange that sanctions to expenditure accorded by the Auditor-General shall be audited by some officer unconnected with the audit departments in India.

Administrative Powers over the Indian Audit Department.

28. The Auditor-General may—

- (i) in the case of officers of the Indian Audit Department of any class lower than class I, transfer, suspend or degrade any such officer, withhold from him any increment or increments of pay, and grant him any leave that may be admissible under

rule, and may delegate to any officer of the Indian Audit Department the power of granting such leave;

- (ii) in the case of officers in class I of the Indian Audit Department, grant any such officer any leave that may be admissible under rule, and, subject to the control of the Central Government, transfer any such officer.

29. The Auditor-General may sanction the grant to any officer of the Indian Audit Department of such pension as is admissible under section 96B of the Act and the rules in force thereunder.

30. The Auditor-General may dismiss from service any officer of the Indian Audit Department other than an officer appointed thereto by the Secretary of State in Council or the Central Government.

3. When arrest is effected by warrant, the warrant should, in the absence of any direction to the contrary in the warrant under section 77 of the Code of Criminal Procedure, 1898 (V of 1898), be executed by a police officer of rank superior to that of a Head Constable, first grade. The officer entrusted with the execution of the warrant will execute it judiciously, and if the arrest is likely to cause risk or inconvenience to the public, make arrangements to prevent the escape of the accused and apply to the head of his department to have him relieved, arrest being deferred till he is so relieved.

Prosecution.

4. No prosecution for an offence under section 101 of the Indian Railways Act, 1890 (IX of 1890), shall be instituted by a police officer without the sanction of the Assistant Inspector-General of the Railway Police concerned, which shall be communicated immediately it is accorded to the Agent or the Manager of the Railway.

Notification, dated the 21st January, 1873 (published in the "Calcutta Gazette" of 1873, pt. I, p. 146).

Under the provisions of section 23 of the Court-fees Act, No. VII of 1870, the following rules made by the Board of Revenue, and approved by the Lieutenant-Governor of Bengal and by the Governor-General of India in Council, are prescribed, as the rules subject to which the district Collectors are to fix, and may from time to time alter, the number of peons necessary to be employed for the service and execution of processes issued out of their offices, and each of the offices subordinate thereto:—

1st.—The Collector or Deputy Commissioner of every district shall ascertain the average number of processes issued from his own office, and from each of the offices subordinate thereto, during three years last past.

2nd.—From this shall be deducted, in the districts to which Act VIII (B.C.) of 1869 has been extended, the average of processes issued by the same offices under Act X of 1859 and Act VI (B.C.) of 1862.

3rd.—The peons to be employed in each district shall be in number sufficient for the execution of a number of processes, equal to the number ascertained in manner and after the deduction aforesaid, each peon being for this purpose considered capable of executing—

	Per annum.
In the Collector's office	... 200
In the Deputy Collector's office	... 250

4th.—In order to provide for the service of processes of certain kinds which occupy a longer period, and in respect of which a higher fee is charged, 25 *per cent.* may be added in each case to the average ascertained under the 1st and 2nd rules.

5th.—In the districts named below, where the peons entrusted with a large portion of processes have to be conveyed by boat, the number of processes which each peon is expected to serve may be reduced by one-third, and the number of peons to be employed shall be calculated accordingly:—

Bakarganj, Dacca, Jessore, Sylhet, Kamrup, Nowgong, Luckimpore, Chittagong, Dinajpur, Mymensingh, Rajshahi, Rangpur.

6th.—Where there are in any districts several offices of any one class, the Collector or Deputy Commissioner may authorise the appointment of such number of peons on the whole for such offices as may suffice for executing the total number of processes, and may from time to time apportion such peons according to need among such offices.

N.B.—For the last six districts the calculation is to be made from May to October inclusive only.

7th.—When it appears to the district Collector or Deputy Commissioner that the number of processes issued out of any office or class of offices in the district has increased by 10 *per cent.*, he shall be competent to make a corresponding increase in the number of peons; and if there shall be a diminution to the like extent, or if he shall be satisfied that the processes of all or any such offices can be executed by a smaller number of peons, it shall be his duty to make a reduction accordingly.

Nctification No. 7418J., dated the 5th October, 1936 (published in the "Calcutta Gazette" of 1936, pt. 1, p. 2385).

In exercise of the power conferred by section 27 of the Court-fees Act, VII of 1870, the Governor in Council is pleased to make the following rules regarding stamps used to denote fees chargeable in the Court of Small Causes of Calcutta:—

1. No fee shall be charged on the fractional parts of 8 annas, *i.e.*, if a suit be for rupees 10 and odd annas, being less than 8 annas, fee will only be charged on rupees 10. If the amount claimed be for rupees 10-8 and upwards, but under rupees 11, then fee will be charged on rupees 10-8.

2. The necessary stamps shall be provided by the parties liable to pay the fee, and shall, in respect of the institution of suits, be affixed to the plaint, in respect whereof such fees are payable. The costs and fees payable in respect of warrants, subpoenas, second summonses and all other processes whatsoever, not being original summonses in reference to which it has not been customary to file as part of the record any written or printed document or paper whereon the stamp could be affixed, shall be paid as follows, *i.e.*, the party requiring such process to be issued shall produce an application in writing and a stamp equal to the amount of costs and fees payable shall be affixed to such application. Such application shall bear the title of the case or matter to which it relates and shall specify shortly the object thereof and shall be filed in the particular office of the Court to which it relates.

3. In order that the terms of a document may not be defaced or obscured, the stamp affixed to it shall be of an amount corresponding as nearly as practicable with the amount of the stamp which such document requires.

4. Stamps of the value noted below will be required for the purposes of the Court. Such stamps shall be obtained by the Court Stamp Vendor from the office of the Collector of Calcutta direct. 2	3	20
4	4	30
8	5	50

5. No document required to have a stamp shall be received or filed in any proceeding in Court until the stamp has been cancelled or defaced. The cancellation shall be effected by punching out the figure head so as to leave the amount designated on the stamp untouched and the part removed by punching shall be burnt or otherwise destroyed.

6. Whenever a stamp is cancelled in the manner required by rule 5, the date of cancellation shall be marked upon it in writing or with a stamp to be provided for the purpose.

7. The Court Stamp Vendor shall be such person as the Collector of Calcutta shall appoint in this behalf and the stamps shall be sold by him or his assistants in an office or offices situated within the premises of the Court

8. A register shall be kept by the Stamp Vendor in which shall be entered daily the number and denomination of stamps received from the Collector and the quantity sold; and the Collector shall furnish to the Court at the close of each month a memorandum showing the number and value of stamps sold to the Vendor on account of the Court during the month.

A register shall also be kept in the office of the Deputy Registrar to be styled the Refund Payment Register and Advice List in which shall be entered the particulars of the cases compromised and of cases in which costs have been remitted either in whole or in part by order of the Judges. It shall also be the duty of the Compromise Clerk to make out the certificates for the payment of half and remitted costs. It shall be the duty of the Deputy Registrar to examine the certificates and to compare them with the original records and if correct to pass and initial the same for payment. The Payment Orders after being signed by the Deputy Registrar shall be paid by the Stamp Vendor who shall receive credit for the sum so paid in his account with the Collector of Stamps. A Daily Advice List of Payment Orders shall be made in triplicate, one of which supported by the Payment Orders themselves as vouchers shall be sent to the Collector through the Stamp Vendor but bearing the signature of the Deputy Registrar and the Collector shall after checking it with the vouchers and seeing that they have been so defaced that they cannot be used again pass an order for payment on the Daily Advice List. The second of the Advice List shall be sent direct to the Collector and the third kept with the Compromise Clerk. When the Collector returns the copy of the Advice List with the date of payment thereof noted under the signature of the Treasury Officer, the date of payment shall be noted on the Court copy of the Advice List. The Payment Orders will remain valid for payment for three days. Any Payment Order remaining unpaid for three days shall be returned by the Stamp Vendor through a Transit Register to the Compromise Clerk and such Payment Orders shall be kept with the Deputy Registrar. These unpaid Payment Orders may be reissued on the application of the parties with the date altered and thereupon the procedure laid down above for the payment are to be repeated. The Collector shall furnish to the court at the close of each month a statement showing the amount of half costs refunded during the month.

An Advice List bearing the Collector's order for payment and a certificate to the effect that the vouchers noted therein have been duly examined by him and after being checked and examined have been so defaced that they cannot be used again shall be forwarded with the Collector's Advice List of payments to the Accountant-General as a voucher.

10. It shall be the duty of the Superintendent or head officer of the department in which applications are filed with such aid as may be required under the immediate superintendence of the Deputy Registrar to receive all documents and to see that the blank spaces in them are not unnecessarily covered with stamps and that stamps of the proper description and values are affixed and to perform the duties required by rules 5 and 6. The Superintendent shall grant a receipt or memorandum for every application filed.

11. In all cases of doubt as to the necessity of imposing a stamp or the amount thereof the Superintendent of the department in which the application is to be filed shall refer to the Registrar of the Court and that officer shall determine all questions so referred to him subject to the final decision of the Chief Judge of the Court upon such questions as shall be referred to him under the provisions of section 5, Act VII of 1870.

(4) Notwithstanding anything contained in rule 74 or in the Rules of Business adopted by any Board, if there are more candidates than vacancies the names only of the persons proposing and seconding and the number of persons voting for each candidate and the names of the candidates duly elected shall be entered in the proceedings.

It shall be published in the constituency together with a notice specifying the mode in which and the time within which claims for inclusion in the roll or objections to any names or particulars entered in the roll are to be preferred.

8. The electoral roll for each constituency shall be prepared by such authority (referred to in these rules as the Registering Authority) as the District Magistrate shall appoint.

9. For the purpose of preparing the electoral roll the Registering Authority may employ such agency as he thinks fit.

10. The electoral roll of each constituency shall be prepared in form B.

12. It shall be the duty of every person in charge of the record of any local body to give to every Registering Authority or his agent employed under rule 9 or to every Revising Authority such information and such extracts from the said records and such access to such records as may be necessary for the purpose of preparation of the electoral rolls or determination of any claim or objection to any such rolls.

13. The electoral roll of every constituency shall be published by the Registering Authority in the manner noted below:—

- (a) so much of the roll as relates to each chaukidari union, at the office of the panchayat;

Provided that where there is no District Judge's Court at the headquarters of the district, publication shall be at the Court of the Additional District Judge;

(g) a complete copy of the roll, at the offices of the—

- (i) District Board;
- (ii) Registering Authority; and
- (iii) Returning Officer.

14. A notice in form C annexed to these rules shall be published together with the electoral roll, when published under rule 13, specifying for each electoral area the Revising Authority to whom, the place at which,

and the period referred to in sub-rule (1) of rule 15 within which claims for inclusion in the electoral roll, or objections to any names or particulars entered in the roll, are to be preferred.

All such claims and objections shall be addressed to the Revising Authority and shall either be presented to the Revising Authority or to the Registering Authority or to the District or Subdivisional Magistrate of the district or subdivision to which the claimant or objector belongs or be sent by post to the Revising Authority.

(2) Where objection is made to the inclusion in the roll of any person whose name appears therein, such objection shall contain in respect of such person all the particulars entered in the roll. No person shall prefer an objection to the inclusion of any name in the electoral roll of a constituency unless his name is already included in the electoral roll of that constituency. Applications for the transfer of a name from the electoral roll of one constituency to that of another constituency are inadmissible. If any person desires such a transfer he shall prefer an objection to the inclusion of his name in the one roll and a second and separate claim for the inclusion of his name in the other roll.

17. (1) The Registering Authority, shall, within the period specified in sub-rule (1) of rule 15, make an application to the Revising Authority for the making of any corrections in the roll—such as the removal of duplicate entries, or the expunging of the names of persons who are dead or subject to any legal incapacity—which he considers necessary to the preparation of a complete and accurate roll.

(2) The Revising Authority shall serve, on each of the persons affected by the application, a notice specifying the correction which it is proposed to make in the roll and the place where and the time when objections to the proposed correction will be heard:

Provided that no such notice shall be served where the Revising Authority is *prima facie* satisfied that the application for correction should be granted or where the application is one for the correction of a clerical or printing error.

18. A register of all claims and objections shall be maintained by the Revising Authorities, the Registering Authorities, the District Magistrates and the Subdivisional Magistrates.

Except in the case where the Revising Authority is *prima facie* satisfied as to the validity of a claim, every person whose claim or objection is received in time shall be served with a notice in form E by the Revising Authority specifying the place where and the time when his claim or objection will be heard, and directing him or his agent to be present with such evidence as he may wish to adduce.

19. When objection is made by any person to the inclusion of the name of any other person recorded therein, the Revising Authority shall, except in the case where such authority is *prima facie* satisfied as to the validity of the objection, serve on such other person a notice in form F annexed to these rules, giving the grounds on which the inclusion of his name has been objected to, and requiring such person or the agent of such person to attend at the place and time fixed for the hearing of the objection.

20. Every notice issued by the Revising Authority shall, if possible, be served personally, and in default of personal service, shall be served by registered post or by affixing a copy thereof at the residence within the constituency of the person concerned. A certificate of service, either personal or otherwise, shall be deemed to be conclusive proof of the fact of such service.

21. At the time fixed for the hearing, the Revising Authority shall hold a summary inquiry into the claim or objection preferred and shall record his decision. He shall also, after considering any verbal or written objections that may be preferred, decide on any application made by the Registering Authority for corrections to the roll. For the purpose of the inquiry the roll as published under rule 13 shall be presumed to be correct and complete until the contrary has been proved. No party shall be represented by any legal practitioner at any proceeding under this rule.

22. The orders made by the Revising Authority shall be final and he shall communicate his decision to the Registering Authority and to the agent, if any, employed under rule 9, and such Registering Authority or agent shall cause the roll to be altered in accordance therewith. Provided that the Provincial Government may, by notification in the Gazette, direct the preparation in accordance with these rules of a fresh roll at any time before the expiration of the said period.

(2) If a constituency is called upon to elect a member or members, after an electoral roll has ceased to have force and before the completion of the new electoral roll, the old electoral roll shall for the purposes of that election continue to operate as the electoral roll for the constituency.

(3) Provision may be made for the sale of copies of the roll to the public.

24. (1) Notwithstanding anything contained in these rules any person may apply to the Registering Authority for the constituency concerned for the amendment of any electoral roll for the time being in force, and the Registering Authority on receipt of such application shall forward it to the District Magistrate. The District Magistrate may, at any time after any such application has been received in respect of an electoral roll, or part of an electoral roll, by notification published in the Gazette and also at the places at which such electoral roll or part of such electoral roll was published under rule 13, direct the preparation of a list of amendments thereto, and all the provisions of these rules shall apply in the case of every such list in like manner as they apply in the case of electoral rolls:

Provided that where any such application is made for the correction of an existing entry in the electoral roll and the Registering Authority is satisfied after personally hearing the applicant that the entry relates to the applicant and is erroneous or defective in any particular, he may amend the roll or cause it to be amended accordingly:

Provided further that where any such application is made for amendment of the electoral roll by the inclusion of the name of the applicant, the Registering Authority shall, on payment by the applicant of a fee of Rs. 10, make, subject to the general or special order of the District Magistrate, such inquiry as he thinks fit and shall, if satisfied as to the validity of the applicant's claim, amend the roll or cause it to be amended accordingly.

(2) When any list of amendments has been republished under sub-rule (1), the electoral roll to which it relates shall be deemed to have been amended accordingly.

(3) Copies of final electoral rolls referred to in entry 4 of Schedule I deposited under sub-rule (1) and copies of such rolls deposited under sub-rule (2) shall, before deposit, be duly authenticated by the Registering Authority.

(4) Printed copies of final electoral rolls in excess of the number required for preservation under sub-rules (1) and (2) shall be also deposited in the office of the Registering Authority of the constituency. 27. If any question arises as to the interpretation of these rules otherwise than in connection with an election inquiry held under the Act or any rule made thereunder the question shall be referred for the decision of the Provincial Government and its decision shall be final.

and shall deliver such packets or cause them to be delivered to the Returning Officer.

28. The packets shall be accompanied by a statement in form X made by the presiding officer, showing the number of ballot papers entrusted to him and accounting for them under the heads of ballot papers issued, unused, spoilt and tendered ballot papers and ballot papers dealt with under rule 26.

Counting of votes.

29. (1) The District Magistrate shall appoint a date (which shall be as soon as practicable after the close of the poll), for the counting of votes. The Returning Officer shall fix the place and time at which the votes shall be counted on the date so appointed and shall give notice of such date, time and place, in writing to all candidates and election agents.

(2) If, at the time appointed, all the ballot boxes have not been received by the Returning Officer, or if from any other unavoidable cause he is unable to proceed with the counting of votes, he shall with the previous consent of the District Magistrate postpone the counting to some other time and date appointed by the District Magistrate, and shall give notice thereof in writing to the candidates and election agents.

30. (1) No person shall be allowed to be present at the counting of the votes except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-rule (5) of rule 6.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

31. On the day and at the time appointed under rule 29 the Returning Officer shall proceed as follows:—

(a) All the ballot boxes allotted to a particular candidate for a particular seat shall be separated from those allotted to any other candidate or to that candidate for any other seat and numbered and placed together, and the counting of all the ballot papers contained in the boxes allotted to the same candidate for the same seat shall be completed before the counting of the ballot papers contained in the boxes allotted to any other candidate or to that candidate for any other seat is commenced. If there is a seat reserved for a member of the minority community in the constituency, the counting of ballot papers contained in the boxes allotted to candidates for the reserved seat shall be completed before the counting of ballot papers contained in the boxes allotted to candidates for the non-reserved seat is commenced. The order as between the candidates in which the counting of votes shall proceed shall be the alphabetical order of the candidates' surnames. In case of dispute the decision of the Returning Officer shall be final. The Returning Officer or a person authorised by him shall, in the presence of the candidates or their agents or representatives as may be present, open each box and after taking out the ballot papers therefrom shall stamp each ballot paper with the name of the candidate to whom the box in which the ballot papers were contained was allotted. He shall then distribute such papers in convenient bundles to persons appointed to assist in the counting of votes.

(b) When the ballot papers have been so distributed but not before the Returning Officer shall allow the candidates and their election agents, or representatives duly authorised under sub-rule (5) of rule 6 or either of them as may be present reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is rejected endorse the word "rejected". If any candidate or his agent or representative present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection.

- (c) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes, and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates, or election agents as may desire to affix them, and shall cause adequate precautions to be taken for their custody.
- (d) After the counting of ballot papers contained in all the ballot boxes for each seat has been completed the Returning Officer shall record the number of ballot papers contained in the ballot boxes allotted to each candidate for such seat separately in a statement and shall seal in a separate packet all the ballot papers in support of each candidate.

32. (1) When the counting of votes has been completed, the Returning Officer shall, subject to the provisions of sub-rule (2) and of rule 34, forthwith declare the candidate, to whom the largest number of valid votes has been given, to be elected:

Provided that upon the application of any candidate, or his election agent or his representative duly authorised under sub-rule (5) of rule 6 a recount shall be made before the Returning Officer makes the declaration, but the Returning Officer may reject any such application as may appear to him to be frivolous recording at the same time the grounds for such rejection.

(2) Where a poll has been taken in a constituency in which a seat is reserved for a member of the minority community, the Returning Officer shall first, after the counting of votes for such reserved seat has been completed, out of the total number of candidates for such seat declare elected to such reserved seat in accordance with the provisions of sub-rule (1), the candidate for such seat to whom the largest number of valid votes has been given, and then shall, after the counting of votes for the non-reserved seat has been completed, out of the total number of candidates for such seat declare elected to such non-reserved seat, in accordance with the provisions of the said sub-rule, the candidate for such seat to whom the largest number of valid votes has been given:

Provided that if after the declaration of the result of election to the reserved seats under this sub-rule, it is found on the completion of the counting of votes for the non-reserved seats that any of the candidates declared elected to a reserved seat has also polled the largest number of valid votes in respect of the non-reserved seat, the Returning Officer shall not declare him elected to the non-reserved seat but shall proceed to determine the result of the election to the non-reserved seats as if no votes have been recorded for such candidate for the non-reserved seat.

33. If, when a poll has been taken at an election, an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or as the case may be, the candidates, selected by lot drawn in the presence of the Returning Officer in such manner as he may determine.

34. (1) A ballot paper shall be rejected if—

- (a) it does not contain the official mark referred to in sub-rule (2) of rule 16;
- (b) it bears any mark by which the voter can be identified;

- (c) in the case where it is despatched in a cover under clause (b) of sub-rule (2) of rule 26 to the Returning Officer, the cover does not contain the certificate issued under rule 25 to the voter whose vote is recorded on such ballot paper;
- (d) a ballot paper intended for election to a reserved seat is found in a ballot box of a candidate for a non-reserved seat, or *vice versa*.

(2) The decision of the Returning Officer as to the validity of a ballot paper shall be final subject only to reversal on an election petition claiming the seat.

35. The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statements submitted by the presiding officers under rule 28 by comparing them with the statement prepared under clause (d) of rule 31 and with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then reclose and reseal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

36. The Returning Officer shall then prepare and certify a return in Form XI setting forth—

- (a) the names of the candidates for whom valid votes have been given;
- (b) the number of valid votes given for each candidate;
- (c) the number of votes declared invalid;
- (d) the number of tendered votes given;
- (e) the result of the verification referred to in rule 36; and
- (f) the names of the candidates elected;

and shall permit any candidate or his election agent or his representative duly authorized under sub-rule (5) of rule 6 to take a copy of or an extract from such return.

37. (1) The Returning Officer shall, after reporting the result of the election under rule 6 forward the return to the District Magistrate.

(2) With the exception of the papers relating to election mentioned in rule 46 all papers relating to the election shall be kept by the Returning Officer in his own custody:

Provided that if the Returning Officer is not himself the Subdivisional Magistrate, he shall forward all such papers to the Subdivisional Magistrate.

(3) The papers relating to the election mentioned in rule 46 shall be disposed of by the Returning Officer in the manner set out in the said rule and shall be forwarded by him direct to the authority mentioned therein for safe custody.

38. (1) While in the custody of the Returning Officer or the Subdivisional Magistrate, the packets of ballot papers, whether counted, rejected or tendered and of the counterfoils thereof shall not be opened or produced except under the order of the District Magistrate or of a competent court or by the authority appointed to hold an inquiry in respect of an election. All other papers relating to the election shall be open to public inspection subject to such conditions and payment of such fee, if any, as the District Magistrate may direct.

(2) Copies of returns by the Returning Officer shall be furnished by the District Magistrate on payment of a fee of Rs. 2 for each copy.

39. The packets of ballot papers and of the counterfoils thereof referred to in sub-rule (1) of rule 38 shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the District Magistrate, or by a competent court or by the authority appointed to hold an enquiry in respect of an election

40. No person in the employment or pay of the District Board shall directly or indirectly engage in canvassing for votes or otherwise assist in the election of any candidates otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

41. All costs incurred in the preparation and printing of the electoral roll, the publication of notices, the holding of elections or taking any other necessary action under these rules, shall be payable from the District Fund.

Vacation of seats and notification of casual vacancies.

(1) If a person is elected to more than one seat on the Board, he shall, by notice in writing signed by him and delivered to the District Magistrate within seven days from the date of the declaration of the result of the election under rule 6(6), or, where such declaration has been made on different dates, within seven days from the latest of such dates, choose one of the seats to which he has been elected and the choice shall be conclusive.

(2) When any choice has been made under sub-rule (1), the seat or seats which such person has not chosen shall thereupon become vacant.

(3) If such person does not make the choice referred to in sub-rule (2), the election of such person to all the seats shall become void.

43. When the seat of a member becomes vacant or is declared vacant, or the election of a member becomes void or is declared void, the District Magistrate shall by notification in the Gazette, call upon the constituency concerned to elect a person, for the purpose of filling the vacancy so caused, within such date as may be fixed in this behalf by the District Magistrate and specified in the notification and these rules shall apply, as far as may be, to the procedure for the election of a member to fill such vacancy.

44. (1) A general election shall be held before the expiration of the term of the District Board or before the expiration of the period of its

supersession, if any, or where an order, if any, for the reconstitution of the district board has been passed under the proviso to section 131 of the Act, in order that a new District Board may be constituted.

A candidate for employment as a subordinate on the staff of a District Engineer who already holds a similar appointment in another district need not bring evidence of the qualifications specified in the foregoing rule, but should produce a certificate of approved service from the chairman of the district board under whom he has been employed.

Rule 9. A candidate for employment as an accountant in the office of a district board or a District Engineer must hold a certificate that he has passed the Bengal Local Bodies Accountant's Examination or the examination prescribed in paragraph 98* and Appendix 3 (with the exceptions specified therein) of the Public Works Account Code (first edition).

Rule 9A. Notwithstanding anything contained in rules 2, 6, 7 and 9, a district board may appoint to act as a District Engineer, as a subordinate under the District Engineer, or as an accountant for a period not exceeding four months, any person who, though not qualified under these

rules to hold any such appointment permanently, is, in the opinion of the district board, sufficiently well acquainted with the duties of the appointment to be able to perform them efficiently for the period of the vacancy.

[Added by notification No. 1415L.S.-G., dated the 16th May, 1914, and subsequently amended by notification No. 3438L.S.-G., dated the 17th November, 1925.]

Procedure to be adopted in the appointment of District Engineers.

Rule 10. When a District Engineer intends to resign his appointment, he shall give the district board three months' notice of his intention, and similarly when it is intended, in accordance with the provision of section 32(g) of the Act, to discharge a District Engineer, the district board shall give him three months' notice of such intention.

[As amended by notification No. 1817L.S.-G., dated the 11th April, 1922.]

Rule 12. On receipt of the confirmation of the Commissioner, the chairman of the district board shall publish an advertisement, which shall be three times repeated in the *Calcutta Gazette* and in such newspapers, not less than six in number, as the district board approves, stating the terms of the appointment and the qualifications required.

Rule 13. All applications from intending candidates shall be submitted in sealed and registered covers addressed to the chairman of the district board, and superscribed "Application for appointment of District Engineer." Each application must be accompanied by all the necessary certificates and testimonials required by the preceding rules together with a suitable envelope addressed and sufficiently stamped for registration in which they can be returned in the event of the application being unsuccessful.

Rule 14. The applications shall be opened by the chairman, who shall draw up a list stating the name and qualifications of each candidate, and shall send a copy to each member of the district board with a notice fixing a date not less than one week from the date on which members receive the list for a special meeting of the board for the purpose of selecting the District Engineer.

Rule 15. At such meeting or at any subsequent meeting to which question may be adjourned, a selection shall be made by resolution, and a copy thereof forwarded, together with the original application, certificates and testimonials of the selected candidate, to the Commissioner for confirmation.

Rule 16. If the nomination be confirmed by the Commissioner, the chairman of the district board shall notify to the successful candidate that he is appointed District Engineer, and instruct him as to the date on which he is to take up his appointment and begin his duties.

Rule 17. If the nomination be not confirmed by the Commissioner, the chairman shall call a meeting of the district board to reconsider it and make another selection from among the remaining candidates. The procedure laid down in Rule 15 shall then be repeated.

Rule 18. When the appointment has been finally settled, and the successful candidate has joined and entered upon his duties, the chairman shall return the certificates and testimonials of the several candidates.

Rule 19. In the event of the appointment of District Engineer becoming vacant suddenly by death or otherwise, without the notice prescribed in Rule 10, the chairman of the district board may make arrangements for the temporary performance of the duties of the office till the new District Engineer shall be appointed, in accordance with the preceding rules. In the event of a District Engineer applying for leave, the chairman should consult the Inspector of Local Works regarding the arrangements for carrying on the work during the District Engineer's absence.

Rule 20. The procedure prescribed in the above Rules (11 to 19) need not be adopted in the event of a district board determining, with approval of the '[Provincial Government], to appoint an officer of the Public Works Department of the Government of Bengal to be its District Engineer. In such cases a meeting of the district board shall be held for the purpose of making the appointment, and, on the appointment being made, a resolution to that effect shall be recorded, and a copy thereof forwarded to the Commissioner for confirmation.

Rule 21.—Deleted.

[Notifications No. 1817L.S.-G., dated the 11th April, 1922, and No. 530L.S.-G., dated the 8th February, 1929.]

Duties and powers of District Engineers.

Rule 22. The District Engineer will be the officer in immediate charge of all the roads and buildings and other public works, the control of which is vested in a district or local board. He will arrange the details of their construction and be responsible for their custody and maintenance in efficient repair so far as the funds placed at his disposal permit. He will keep accurate plans of the land appertaining to all roads and buildings in his charge, and take prompt steps to prevent encroachments.

Rule 23. The District Engineer will receive positive orders only from the chairman of the district board. The duty of yielding implicit obedience to any orders so received must be clearly understood; but in the interpretation of general instructions he will act upon his own judgment.

Rule 24. In all matters of professional detail, the District Engineer shall be subject to the direct supervision and control of the Inspector of Local Works, who will on such matters give either personally or in writing advice and instructions to the District Engineer. In all such matters the District Engineer shall be bound to carefully comply with the instructions and advice of the Inspector of Local Works without cavil or protest: provided that if any of such instructions are at variance with any orders issued by the board or chairman or would cause any sanctioned estimate to be materially exceeded, the District Engineer shall promptly represent the matter to the Inspector of Local Works, and shall also lay it before the chairman for submission to the board. The District Engineer will submit to the Inspector of Local Works a quarterly progress report of all works and repairs carried out from district funds.

Rule 25. Cases of the nature referred to in the proviso to Rule 24 shall be laid before the board by the chairman at the earliest meeting after their receipt and the board shall proceed to pass orders upon them. If the Inspector of Local Works still differs from the board, he may request the chairman to submit the matter, through the Commissioner, to the ¹[Provincial Government] for decision. On such request being made, the matter shall be submitted accordingly.

Rule 26. In the event of any instructions of the Inspector of Local Works not being clearly understood by the District Engineer, or of any material alteration in local conditions having taken place since their issue, the District Engineer shall forthwith refer the matter to the Inspector of Local Works and await instructions. On receipt of instructions, his procedure will be governed by Rule 24.

Rule 27. The subordinate engineering staff of a district or a local board will be under the immediate orders and control of the District Engineer, and all orders to them with reference to work should emanate from, or be issued through, the District Engineer. But in cases where the district board consider it desirable, and subject to the Commissioner's sanction, a subordinate may be placed temporarily or permanently under the orders of the chairman, local board, his work being subject to inspection, check and report by the District Engineer.

Rule 28. The District Engineer will be responsible for the accuracy of all reports, plans, designs, specifications and estimates prepared by him, and must attest them by his signature.

Rule 29. The District Engineer shall prepare rate lists for different classes of work and these rate lists shall be approved by the Inspector of Local Works. No new rate shall be introduced and no rate shall be increased without the approval of the Inspector of Local Works.

Rule 30. The District Engineer shall report immediately to the district board and to the Inspector of Local Works any important accident or unusual occurrence connected with his professional duties, and shall state the action taken by him.

Rule 31. The District Engineer may, in anticipation of sanction, put in hand emergent repairs to all works in his charge in case of imminent danger to a structure or work. Such action shall be at once reported to the board for sanction and to the Inspector of Local Works.

[As amended by notification No. 586L.S.-G., dated the 18th March, 1912.]

Rule 32. Except as permitted by Rule 31, the District Engineer is strictly prohibited—

- (i) from commencing the construction of any new work or repairs or expending public funds; or
- (ii) from making or permitting any deviations from any sanctioned design in the course of execution;

without the sanction of competent authority, which he shall take steps immediately to obtain.

The District Engineer is, however, permitted to make deviations from sanctioned designs in the course of execution which are not material and to incur the expenditure incidental thereto upon his own responsibility: provided that the total estimate is not thereby exceeded by more than 10

per cent. Similarly, minor variations between sub-heads or minor additional sub-heads which do not result in any excess over the total estimate by more than 10 per cent. may be sanctioned under the authority of the District Engineer.

Note.—Expenditure in excess of the funds allotted to an estimate under rule 56 shall not be incurred without prior sanction to additional allotment of funds except in the case of imminent danger to a structure or works, in which case the sanction of the Board shall be applied for immediately.

[As amended by Eastern Bengal and Assam Government notification No. 3689M., dated the 25th May, 1909, and Bengal Government notifications No. 586L.S.-G., dated the 18th March, 1912, and No. 482L.S.-G., dated the 9th May, 1939.]

Rule 32A. All expenditure incurred in contravention of Rules 31 and 32 will be at the risk of the District Engineer.

[Added by notification No. 586L.S.-G., dated the 18th March, 1912.]

Rule 33. The District Engineer will pay strict attention to the economical application of all labour and materials used on works in his charge, and will be responsible for preventing the expenditure on any work exceeding the amount of the sanctioned estimate. He should also strive to bring economically into use, on all occasions, the articles procurable in the local markets and the natural products of the district.

Rule 34. The District Engineer must exact from his subordinates a correct performance of their duties and give them all proper instructions. He will furnish them with proper working drawings and written instructions as to the execution of any works they may be entrusted with, using additional precautions to prevent errors or accidents at a distance from the headquarters of the district.

Rule 35. The District Engineer shall frequently inspect outlying roads and works in progress and see that the work carried on by his subordinates or contractors is sound and economical. When on tour, he will keep a journal in which the distances travelled and any matters of special importance in connection with his charge will be noted. The reason for any journey of more than 20 miles in one day should be specified in the journal. A copy of the journal will be forwarded monthly to the Inspector of Local Works, whose duty it will be to forward it to the chairman and to bring any shortcomings or defective arrangements to his notice. The District Engineer will also keep note-books in which will be entered daily any particulars with reference to works in progress which may call for remarks, the dates of all inspections, the orders issued to subordinates, the check measurements taken, the accounts inspected, and generally any details concerning his duties which may be worthy of remark. These note-books will be considered official records.

Rule 36. The District Engineer will be responsible that his accounts are regularly posted from day to day, and are kept in strict accordance with the rules made from time to time under section 138(i) of the Act.

Rule 37. (a) On the completion of any work the Register of Works relating to the same shall be submitted by the District Engineer to the Chairman who on being satisfied that the work has actually been completed shall initial the record and return the register to the District Engineer:

Provided that if the expenditure exceeds the estimate by more than 10 per cent. a completion report shall be submitted to the Chairman

through the office of the Inspector of Local Works in the Forms A, B or C, as the case may be.

[As amended by notification No. 383T.—L.S.-G., dated the 22nd May, 1934.]

(b) Form A is to be used in the case of original works, or repairs to works (other than metalled roads) costing more than Rs. 5,000; Form B for repairs to metalled roads; and Form C for annual repairs to buildings to unmetalled roads not exceeding Rs. 5,000.

(c) Any deviation from the design and estimate that may have been made during the construction of the work must be fully explained in the completion report and the authority for the deviation stated.

[As amended by notifications No. 1706L.S.-G., dated the 23rd December, 1910, No. 645T.—L.S.-G., dated the 3rd July, 1911, and No. 1717-L.S.-G., dated the 15th May, 1925.]

Circumstances constituting a disqualification for continuance of employment as District Engineer.

Rule 37A. Any District Engineer who has a share or interest as a partner in any firm of engineering contractors or in any contract for the supply of furniture, bricks, metal or other materials similar in nature to those with which he deals in the course of his duties, or in a contract for the execution of any engineering work, whether such contract is entered into with the Government or a local authority or a private person, shall be deemed to be disqualified for the continuance of his employment as District Engineer.

[Added by notification No. 4490L.S.-G., dated the 27th November, 1923.]

Duties and powers of Inspectors of Local Works.

Rule 38. The Inspector of Local Works will make frequent tours of inspection in the districts of the Commissioner's Division to which he is appointed. He will not only minutely survey and report upon the state of the various works, whether completed or in progress in each district, but will carefully enquire into the system of management prevailing in respect to the preparation and cost of materials, the style of execution, the price of labour, and the rates of work. He will satisfy himself that building or road materials and other resources available in each district are brought into use in the most efficient and economical manner, and that the means of communication, projected or completed, are adapted to the requirements of the traffic. It is his duty to bring any shortcomings or defective arrangements to the notice of the district board, and he will correspond direct with the district board regarding all matters in which he exercises powers under the Act or Rules.

Rule 39. The Inspector of Local Works is empowered to attend all meetings of the district board as their professional adviser. Notice of every meeting shall be given by the chairman to the Inspector of Works in which important matters affecting roads and other public works are considered.

[As amended by notification No. 383T.—L.S.-G., dated the 22nd May, 1934.]

Rule 40. The Inspector of Local Works will also, during his inspections, enquire into and report on the efficiency of the engineering establishments employed under district or local boards.

Rule 41. The Inspector of Local Works will also carefully inspect the books of District Engineers and their subordinates and the arrangements

and procedure for the primary accounts, and see that they are kept in the manner prescribed. He will inspect the office of the District Engineer at least once a year.

Rule 42. The Inspector of Local Works shall annually submit to Government, through the chairman of the district board, the District Magistrate and the Commissioner, confidential reports on all the District Engineers within his charge. The chairman, the District Magistrate and the Commissioner will, in forwarding the reports, add their own remarks.

[As amended by notification No. 3379L.S.-G., dated the 27th July, 1921.]

Rule 43. The Inspector of Local Works will bring specially to the notice of Government, through the Commissioner, the case of any District Engineer whom he may consider incompetent or from any cause unfit for the proper performance of his duties. He will also bring to notice instances of extraordinary zeal and ability.

Rule 44. The District Engineer is held primarily responsible for affording information to the Inspector of Works in cases of probability of excess of actual overestimated cost of any important work. On receipt of a report from the District Engineer that the total expenditure on any work is likely to exceed the total of the sanctioned estimate, the Inspector of Works shall call on the District Engineer to furnish him with such particulars as will enable him to decide whether a revised estimate is required or not under rule 53.

[As amended by Eastern Bengal and Assam Government notification No. 3689M., dated the 25th May, 1909, and Bengal Government notification No. 1298L.S.-G., dated the 10th August, 1908.]

Rule 45. In cases where the district board has undertaken under section 83 the construction, repair or maintenance of any public building or other work which is the property of Government, the Inspector of Local Works shall have authority to correspond direct, with the District Engineer and to call upon him to prepare plans and estimates for such works, or few new projects.

Rule 46. Besides his regular tours of inspection, the Inspector of Local Works will proceed to any place in his division whenever it may be necessary for him to report on any important design or work, or on any serious accident or threatened danger to any works, or on any calamity, actual or anticipated, the remedy for which may appear to be within the range of engineering skill.

Rule 47. Detailed reports of all his inspections shall be drawn up by the Inspector of Local Works for the information of the Commissioner, and a copy thereof, so far as may relate to a particular district, shall be forwarded by him to the district or local board concerned through the chairman. The reports shall be laid before the district board by the chairman at the earliest meeting after their receipt, together with suggestions for action on each point contained in them. The action taken shall be reported to the Commissioner and the Inspector of Local Works.

Rule 48. Although the detailed designs and estimates for works will commonly be prepared by District Engineers, the arrangement and general plan of all important works should be concerted with the Inspector of Local Works, who will be responsible for the engineering character of every project that he passes on with his approval. The Inspector of Local Works may, if he sees fit, himself prepare the designs for any works in his circle. He will communicate freely and personally on all professional matters with District Engineers, and afford them the benefit of his advice in the performance of their duties.

Rule 49. The Inspector of Local Works will, in submitting to the Commissioner any reports, plans, estimates or other documents relating to the works of district boards, invariably state his own opinion as to the suitability of the designs and reasonableness of the rates. He must also check the calculations in details of all estimates and compare the quantities in the estimates with those shown on the drawings. If projects are sent up by district boards without proper information, he will return them for such further information as the case may need.

Rule 50. The board shall forward copies of all its proceedings relating to public works to the Inspector of Local Works, who shall be competent to make observations thereon for the consideration of the board.

Mode of preparation and submission of plans, designs, specifications and estimates for works for approval and sanction.

Rule 51. All estimates and projects for the construction or repair of buildings, roads, bridges and other public works undertaken by district and local boards shall be classed under one or other of the two heads "Repair" or "Original works," and shall be prepared in the form prescribed in the Public Works Department Code, volume I, chapter VII (eighth edition), and submitted for the sanction of the district or local board in meeting. Estimates for repairs shall include all operations required to maintain works in proper condition, and estimates for original works all those which do not come under the classification of repairs.

Rule 51A. All estimates for the purchase and repairs of tools and plant shall be prepared in the Public Works Department Form No. 123, and submitted for the sanction of the district or local board in meeting.

[Added by notification No. 22T.—M., dated the 14th April, 1906.]

Rule 52. The cost of every survey or preliminary operation other than those which can be carried out by the paid district establishment shall be considered to be an "Original work" and shall be covered by a sanctioned estimate and a specific assignment of funds.

Rule 53. Whenever there is reason to anticipate that an estimate will be exceeded by more than 10 per cent. of its total amount, a revised estimate shall immediately be prepared and submitted for the approval of the authorities whose sanction would be necessary if it were an original estimate. When excesses occur at such an advanced period of the construction of a work as to render the submission of a revised estimate purposeless, the excess will be dealt with in a completion report, in which details need only be given when the excess is above 10 per cent. of the original estimate.

[As amended by notification No. 586L.S.-G., dated the 18th March, 1912, and notification No. 482L.S.-G., dated the 5th August, 1939.]

Rule 53A. Any development of a project which may be deemed to be necessary while a work is in progress, but which is not fairly contingent on the proper execution of the work as first sanctioned, must be covered by a supplementary estimate, accompanied by a full report of the circumstances which render it necessary. The abstract must show the amount of the original estimate and the total of the sanction required, including the supplementary amount.

[Added by notification No. 509T.—I.S.-G., dated the 14th June, 1912.]

Rule 54. In the case of all works of importance, the District Engineer shall submit a rough design for the approval of the Inspector of Local Works before preparing the detailed drawings and estimates.

Rule 55. All sanction given by the district or local boards shall be formally recorded in their proceedings.

Rule 56. Except in case of emergency, or to prevent damage or loss, no work shall be put in hand until a detailed estimate for carrying it out has been sanctioned and funds have been allotted to it by the district or local board; and no proposal for the execution of any work shall be sanctioned by a district or local board unless it be accompanied by an estimate and, when necessary, by properly prepared drawings showing fully the works proposed. If the proposal has been sanctioned by the district or local board on a rough estimate, the chairman's sanction to the detailed estimate will be sufficient, provided it is within the amount of the rough estimate, and subject to the professional approval and confirmation required by Rule 57. If the detailed estimate exceeds the rough estimate, the project must be again referred to the board for sanction before the work is begun.

Rule 57. In the case of the following classes of estimate or projects, the sanction of the district or local boards shall be subject to the confirmation and approval of the authority indicated:—

- | | |
|--|---|
| <p>(a) All projects for new works, the estimated cost of which amounts to Rs. 50,000 or more.</p> <p>(b) All projects for construction or reconstruction of bridges over, or for works which may affect or alter the course of, any river which is navigable at any time of the year, or in either bank of which there is any public embankment.</p> <p>(c) All projects for embanked roads which are liable seriously to affect the drainage or irrigation of any considerable tract of country.</p> <p>(d) Plans and estimates for new works and tools and plant, including live-stock and office furniture, if the cost exceeds Rs. 10,000. [As amended by notification No. 5931 L.S.-G., dated the 24th July, 1936.]</p> <p>(e) In the case of plans and estimates for repairs, district boards subject to the proviso that the Inspector of Local Works has power to call for any such plans and estimates which he desires to see.</p> | <p>(a) Approval of the ¹[Provincial Government] in the Public Works Department to be obtained through the Inspector of Local Works and the Commissioner of the Division.</p> <p>(b) and (c) Approval of the ¹[Provincial Government] in the Irrigation Department to be obtained through the Superintending Engineer, Irrigation Department, and the Commissioner of the Division.</p> <p>(d) Approval of the Commissioner of the Division to be obtained through the Inspector of Local Works.</p> |
|--|---|

The sanction of the district or local board to an estimate for an original work which forms part of a contemplated scheme, although such estimate may in itself be within the limit up to which the board can sanction, shall be subject to the confirmation and approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and approximate cost of the entire scheme is fully set forth in the report of the estimate.

When the approval of the authority indicated is received, the execution of the work may be proceeded with in accordance with any provision that may be made for it in the budget of the year. If the plans have been materially altered, or if the estimate has been raised by the controlling authority, they must be resubmitted to and approved by a formal resolution of the district or local board before the work is begun.

[As amended by notifications No. 871T.—M., dated the 29th May, 1905, No. 1674L.S.-G., dated the 28th November, 1912, No. 4253L.S.-G., dated the 5th January, 1920, No. 1817L.S.-G., dated the 11th April, 1922, and No. 1801L.S.-G., dated the 11th April, 1932.]

1. No stages, planks, poles or any article provided by the Commissioners for vessels loading or discharging shall be used without a written order from the Dock or Jetty Superintendent, and when the discharging or loading completed, they shall be replaced on the quay or Jetty alongside the vessels.

All stages, planks, poles or other articles, not provided by the Commissioners, after use in discharging or loading, shall be removed within 24 working hours from the Dock or Jetty premises.

2. All the quays, sheds, gates, and the land within the Dock or Jetty fence shall be in charge of the Dock or Jetty Superintendent, who will manage all operations connected with the landing and shipping of goods, storage in the sheds and open. He will be responsible for the proper custody of all goods within the enclosure and exclusion of improper characters and will take whatever steps may be necessary for the proper maintenance of order on the premises.

3. The allotment of a berth shall be entirely at the discretion of the Commissioners, but as a general rule vessels will be accommodated in the order of their arrival at the Dock entrance or off the Jetties.

4. Masters and Owners of vessels shall obey the directions of, and shall offer no obstruction to, Dock or Jetty officers in mooring, unmooring, moving or removing any vessel from one part of the Dock or Jetties to another part, or in regulating the position, for loading and discharging of such vessels.

5. When berthed or moored in the Dock, a ship's propeller shall not be worked for trial by the main engines without due notice being given to, and permission obtained in writing from, the Dock Superintendent.

6. Projections from any vessel, whilst hauling in or out of Dock or to or from the Jetties, or which interfere with another vessel's loading or discharging, shall be removed on requisition by the Dock or Jetty Superintendent or other duly authorised officer of the Commissioners.

8. If the Dock Superintendent considers that there is good reason why a vessel should not be admitted into the Dock, he may refer the question to the Commissioners, pending whose decision he may refuse to allot a berth.

9. The Owners and/or Master of a vessel shall—

- (a) supply warping and other necessary appliances;
- (b) secure hatches when not in use, and guard against accidents to life, limb, and property;
- (c) keep their vessels so loaded, and/or ballasted as to allow of their safe removal in the event of fire or other emergency arising;
- (d) provide proper lights in those parts of a vessel where work is going on, and/or when, owing to insufficient light, injury might result to life, limb, or property;
- (e) arrange that whilst a vessel is in Dock, or at the Jetties, the Master or some other responsible officer shall always be on board in charge to superintend and assist in carrying out all duties in connection with the vessel or its cargo, and that there is a sufficient crew to carry out orders issued by the servants of the Commissioners in charge;

13. No crane shall be hooked on to more than it is certified to lift by itself, and two cranes shall not be hooked on to one article. No crane shall be used to assist in lifting a weight, when such weight is being hoisted by the ship's own gear. Breaking out cargo with Dock or Jetty cranes is strictly prohibited.

14. Vessels requiring to carry out petty repairs may do so in the Wet Dock when a berth is available without detriment to ordinary traffic, but subject to the condition that a canvas-shoot or other safeguard be provided so as to prevent loose material, chips, pieces of wood or other like material falling into the water.

15. Every barge or cargo boat, if permitted to remain in the Dock more than 12 hours after having received or discharged her cargo, or 12 hours after she could have received or discharged such cargo, will be subjected to a charge, as under, for every day or part of a day while she shall so remain—

16B. The Dock Superintendent may prevent from entering any dock or turn out of any dock any boat or lighter carrying petroleum or any other cargo which in the opinion of the Commissioners is objectionable from any point of view.

17. The control of barges, cargo-boats and bum-boats shall rest with the Dock Superintendent, who may prevent from entering, to turn out of the Dock any boat unless she is actually engaged for cargo, and no fires shall be allowed on them between 9 p.m. and 5 a.m.

18. Every cargo-boat, barge, or bum-boat may be searched, at the discretion of the Dock Superintendent, before leaving Dock, either by a Dock official deputed to do so, or by the Police.

26. Fires of coal, charcoal, or coke may be used in the cabins, deck-houses, forecastles and caboose of vessels in Dock, only between 5 o'clock a.m. and 9 o'clock p.m., subject to being prohibited (on any abuse) by the Dock Superintendent.

Fires for donkey engines, steam winches, and portable forges are also permitted during working hours and for ships' engines for a reasonable period before a ship leaves and after a vessel is berthed in the Dock.

All lights, whether oil-lamps or candles, used on board vessels in Dock, except as mentioned in the following paragraph shall be in globes or secured lanterns.

Naked lights may be used only in the engines and boilers of vessels whilst under inspection and repair, or in duties connected therewith.

While any fire or light is lighted, at least one person on board is to be specially charged with the care thereof; and no fire or light is to be left or used in so rash, careless, or negligent a manner as to risk or endanger the safety of, or to ignite any goods, property, or vessel in the Dock or on the Dock premises.

All applications for special permission to use fires at any other than the prescribed hours shall be made in writing to the Dock Superintendent before 5 o'clock p.m. and shall specify the circumstances under which the request is made; if granted, the application, after having been endorsed by the Dock Superintendent, is to be retained on board by the person charged with the care of the fire, and is to be exhibited by him to the Dock and Police officials whenever demanded, and is to be returned to the Dock Superintendent by 10 a.m. on the following day.

30. Water ballast tanks, while the vessel is in Dock, shall not be filled without the previous sanction of the Dock Master.

31. No coals, cargo or ballast to be shifted in any of the holds or bunkers after the vessel is blocked, without the special permission of the Dock Master. If done, it will be at the risk and responsibility of the Commander.

32. From the time that the Dockropes are made fast to the ship till she is secured on the blocks, all duty on board is to cease in order that the crew may be available to trim the vessel, if required, by the Dock Master.

33. As soon as a ship is in Dock, the Commanding Officer will station his men to hook on the tackles for putting the ship fair over the blocks, both forward and aft, and to assist in pulling up the shores.

In the absence of such *challans*, or where reasonable doubts exist with regard to their genuineness or correctness, the calculation for levying the toll shall be based on the registered tonnage of the boats or vessels from which the goods are to be landed or on which they are to be shipped.

All applications and requisitions for records or necessitating the removal of documents from records or for the return of documents shall, on receipt in the record-room, be entered by the Record-keeper, or a clerk to be specially deputed for the purpose, in such form or forms as the President may direct.

30. When a record is removed from the record-room for any purpose, the Record-keeper shall make the necessary entries in a register maintained in such form as the President may direct. On the return of the record, he shall note in the same register the date of such return.

at the close of the previous month. The account shall be closed by summing the two sides (including opening balances on the receipt side), writing the closing balances below the total of the expenditure side and totalling. The grant total of both sides of the account will be equal.

8. The closing balance in the blank column shall be compared with that shown in the bank pass-book of the Trust Fund, which the Administrator shall keep up-to-date.

9. Investments on behalf of the Trust Fund shall be made in Government securities, or in Port Trust or Municipal Debentures only.

GOVERNMENT SECURITIES.

The rules which shall govern the procedure relating to the undermentioned matters in connection with the Doveton Trust shall be the same as those contained in the articles of the Civil Account Code quoted against them :—

Conversion and interest	Articles 166 (a) and (b), 167, 167A, 167B and 177.
Purchases or sale	Articles 168-169 and 143B (2).
Commission	Article 170.

The above articles shall be followed as if they were rules made under the Doveton Trust Act, 1914 (Bengal Act III of 1914).

REVENUE OF THE TRUST FUND.

10. (1) The Administrator of the Trust Fund shall exercise a constant scrutiny over the revenues of the Fund, and shall see that all moneys realized on account of the Trust Fund are credited at once in the cash-book, whether the realizations are remitted to the bank or not.

(2) All receipts shall be paid in at once for credit to the account for the Trust Fund at the bank, and shall not be used for the current expenditure of the Trust Fund.

11. (1) The bank column on the receipt side of the cash-book shall be utilized to exhibit all sums received on account of the Trust Fund, whether immediately paid into the bank or not.

(2) The cash column shall be used for the exhibition of transaction in connection with the imprest account only.

(3) Whenever the imprest is recouped, the amount recouped shall be shown by a debit of the amount in the bank column on the payment side of the cash-book, and a credit of the amount in the cash column on the receipt side.

(4) The column "Securities" on the receipt side shall be utilized to exhibit the nominal value of securities purchased on behalf of the Trust Fund, or obtained by donation, bequest, or otherwise.

PAYMENTS.

12. (1) Imprest may, when necessary, be drawn and held by the Administrator on his own authority. Payments on account of the Trust Fund shall be made either in cash out of the imprest, or by the issue of a cheque on the Bank of Bengal. In the former case the amount expended shall be shown in the cash column, and in the latter case in the bank column on the payment side of the cash-book.

(2) When the Administrator issues a cheque against his personal ledger account he shall initial the counterfoil as well as sign the cheque. The amount shall be written in words, both in the cheque and in the counterfoil.

13. (1) The Administrator shall see that all revenues of the Trust Fund are duly realized and credited in the cash-book, and that the expenditure made is strictly in accordance with the terms of the Trust. No payment shall be ordered except on a voucher duly signed by the person to whom the payment is to be made, stamped when necessary, and setting forth the particulars for which the money is due.

Explanation.—When a scholarship is paid to a student the mere receipt of the Principal of the institution to which the student belongs will not be a sufficient voucher for the disbursement of the money. The Principal shall present a regular bill for the scholarship to the Administrator, who will first check it and then, if it is found to be in order, shall endorse upon it a payment order thus—

"Pay Rs. (words) only, and debit the account to the Doveton Trust Fund."

The endorsement shall be signed by the Administrator and a cheque or cash issued in payment.

The Principal will then obtain a receipt from the recipient of the scholarship, countersign it, and forward it to the Administrator, who will file it in his guard-book as the voucher in support of the debit in the cash-book.

(2) The money-order commission for remitting money in payment of scholarships or grants-in-aid shall be payable from the Fund.

Vouchers.

14. Vouchers shall be taken (except for very petty charges for which a written detailed statement shall be kept) in support of every entry on the payment side of the cash-book. They shall be filed in a guard-book and numbered consecutively for the year in order of payment.

Annual Account.

15. As soon as possible after the 31st March in each year the Administrator shall render an annual account to the [Provincial Government]. The account shall be in Form No. II annexed; and all be supplemented by two schedules, one of receipts and one of payments.

¹Now the Reserve Bank of India.

16. (1) In the schedules, the receipts and expenditure shall be classified under the following heads:—

Voluntary subscriptions.	Scholarships for elementary education.
Interest on securities.	Scholarships for advanced education.
Miscellaneous.	Scholarships for technical education.
	Grants-in-aid to institutions.
	Establishment.
	Miscellaneous.

(2) Any other heads may be prescribed to suit the circumstances of the Trust Fund.

17. The opening balance shall be carefully checked by the Administrator with the closing balance of the previous annual account, and the closing balance shall be verified as follows:—

- (1) the securities, by a reference to the Accountant-General's published list (as set out in article 171 of the Civil Account Code);
- (2) the amount of the balance in the bank column, by a certificate that the amount agrees with the balance shown in the bank pass-book of the Trust Fund, less amount of uncashed cheques, if any;
- (3) the cash, by a certificate, of the Administrator that it was really in his possession on the 31st March.

18. No vouchers for expenditure are required to be submitted with the account, but the Administrator shall certify—

- (1) that he has duly and carefully kept an account of the Trust Fund in the prescribed manner;
- (2) that he has carefully superintended both the receipts and expenditure of the Trust Fund, and believes that the latter is expedient and proper with reference to the objects of the Trust Fund; and
- (3) that he has, as far as possible, obtained receipts for his expenditure.

19. (1) The Administrator shall submit to the ¹[Provincial Government] annually in the month of February a budget estimate showing the estimated receipts and expenditure for the ensuing financial year.

Any surplus accruing on such sale shall be paid to the depositor.

7. Upon settlement of an account and presentation of the Collector's receipt, the securities of that account shall be returned to the depositor.

8. A depositor may close an account at any time previous to the expiration of the term of credit by payment of the amount shown to be due by him, and shall thereupon receive back his securities.

10. The depositor shall apply to the Collector for the clearance of salt upon Bills of entry bearing the words "Credit Account" in red ink on their face, and in all other respects shall conform to the Customs procedure in force at Chittagong.

15. For the purpose of paying dividends to creditors, or of making any other payments prescribed by the Presidency-towns Insolvency Act, 1909, or the rules framed thereunder, the Official Assignee shall issue cheques drawn upon his personal deposit account in respect of all amounts, in excess of Rs. 50.

In exercise of the powers conferred by section 30 of the Official Trustee's Act, 1913 (II of 1913), and in supersession of all Government notifications previously issued the Governor is pleased to make the following rules for carrying into effect the objects of the said Act for regulating the proceedings of the Official Trustee of Bengal:—

1. *Short title.*—These rules may be called the Official Trustee's (Bengal) Rules. They shall come into force on the first day of July, 1938.

2. *Definitions.*—In these rules, unless there is anything repugnant in the subject or context:—

“The Act” means the Official Trustee's Act, 1913 (II of 1913);

“Official Trustee” means Official Trustee of Bengal and includes the Deputy Official Trustee;

“Bank” means the Imperial Bank of India;

“Government” means the Government of Bengal.

3. *Rules under section 7, sub-section (5) of the Act.*—(1) The Official Trustee shall reject any application for the acceptance of any trust which is exclusively for a religious purpose unless he is satisfied that such trust will not involve him or any member of his staff in the performance, supervision or control of any religious rites, ceremonies or duties and he shall not accept any such trust without the express sanction of the Government to be obtained in each case.

(2) The Official Trustee may, if he thinks fit, accept a trust which involves the management or carrying on of any business, subject to the following conditions, namely—

- (a) that he is satisfied that the management or carrying on of the business involves no risk of loss; and
- (b) that his intervention is with a view to the sale, disposition, or winding up of the business; and
- (c) that his management or carrying on of the business shall not, save with the sanction of Government, last longer than one year.

4. *Rule under section 9.*—The prescribed manner of notifying the contents of a Will under section 9 shall be by delivering or sending by registered post to the Official Trustee a certified copy of the Will.

6. *Reduction of fees.*—If in any case it appears to the Official Trustee that the circumstances of a trust are, or probably will be, such as to render his duties in relation thereto exceptionally simple, or otherwise of an exceptional character justifying this course, he may remit any part (not exceeding one-half) of any prescribed fee; but in every such case the reasons for so doing shall be recorded by him, and a report of such case shall forthwith be submitted to the Government.

7. *Composition of fees.*—Where, in the opinion of the Official Trustee, the income of any trust is not liable to serious fluctuations, he may, from time to time, agree with the person or persons entitled to such income to accept (in lieu of the income-fee payable in pursuance of Schedule I) a fixed half-yearly fee of such amount as shall appear to the Official Trustee approximately equal to the average income-fee which, but for such agreement, would be payable in respect of such income. A report of each case shall forthwith be submitted to the Government.

8. *Valuation for calculating fees under section 17.*—For the purpose of calculating fees under section 17 of the Act the following procedure shall be adopted:—

(3) *Where the Official Trustee is appointed under sections 9, 11 and 12.*

This shall be taken in accordance with the value of the properties of which the Official Trustee is appointed trustee under any of the aforesaid sections, and the value thereof shall be the value as existing on the date of the appointment of the Official Trustee.

(4) *In cases where the Official Trustee is appointed under section 10.*

This shall be taken at the value of the properties in respect of which the Official Trustee is appointed trustee by an Order of Court and the value shall be the value of the properties existing on the date of the order appointing the Official Trustee of Bengal as such trustee.

As to Income Fees.

This shall be calculated on actual assets realised as and by way of income from any source whatsoever.

16. *Financial Statement.*—The Official Trustee shall submit to the Government at the end of every financial year, as soon after the 31st March as possible, a statement showing the fees earned and expenses incurred which shall be termed the "Financial Statement" and which statement shall be countersigned by the Accountant-General of Bengal, and shall be in such form as may be agreed to from time to time.

17. *Accounts, etc.*—The Official Trustee shall keep the accounts, statements and records specified in Schedule II to these rules.

(3) No cash balance standing to the credit of a trust in the Dividend Account although it exceeds Rs. 500 in amount shall be invested until three years have elapsed from the date of the transfer of the amount to such account.

22. *Petty Receipts of Closed Trusts Account.*—The Official Trustee may transfer to a separate account, which shall be styled "The Petty Receipts of Closed Trusts Account," all small balances which when the accounts of a trust or estate are closed are, owing to the amounts being so small, indivisible amongst the beneficiaries or creditors of the trust or estate entitled thereto and also any sum received as and by way of further assets of a trust or estate after it has been closed, and which, owing to the smallness of the amount is equally indivisible. Should any further assets be received to the credit of a trust or estate in which such a transfer has been made and such further assets together with the amount or amounts, so transferred to this account be in the aggregate capable of division amongst the beneficiaries or creditors entitled thereto, this amount or amounts so transferred to this account shall be retransferred to the credit of the general account of the trust or estate concerned which shall be reopened and a further distribution of such assets shall then be made:

Provided that where any such sums as aforesaid have remained to the credit of such account for a period of twelve years from the date of transfer the same shall be transferred to the Government as if it were a sum transferable under section 52 of the Act.

23. *Audit.*—(i) The accounts of the Official Trustee shall be audited by the person or firm appointed in this behalf from time to time by Government. Such appointments shall be notified in the *Calcutta Gazette*.

(ii) The accounts of the Official Trustee in regard to trusts under administration shall be balanced every half-year, *viz.*, on 30th June and 31st December.

(iii) The said accounts shall be examined by the Auditor who shall report as provided by section 19(2). The audit shall be directed to ascertain that the accounts have been properly kept and that all moneys received and disbursed have been accounted for. The Auditor shall have access to all books kept by the Official Trustee.

The Auditor shall not, in any respect, be concerned with the Official Trustee's management of any trust dealt with by him.

(iv) Any person who is summoned under the Act by the Auditor shall be entitled to be paid his travelling and other reasonable expenses, which, upon being certified by the Auditor, shall be paid by the Official Trustee and debited to the trust concerned.

24. *Cost of audit.*—The costs of the audit of the accounts of the Official Trustee shall be the amount that may from time to time be fixed by Government by agreement with the person or firm appointed Auditor as his or their remuneration for carrying out the audit.

The costs of the audit shall be defrayed out of the revenues of Government.

No separate charge in respect of the audit shall be made to the trusts under the administration of the Official Trustee:

Provided that in the case of any trust which the Official Trustee has before the first day of July 1938 either accepted or agreed in writing to accept the audit fee that was chargeable immediately before that date shall be levied on the Capital and Income of such trust.

25. *Audit of accounts of zemindaris and business.*—The Official Trustee shall cause the local accounts of zemindaris in his charge and the accounts of any business which is carried on by him on behalf of, and which belongs to, any trust in his charge, to be audited from time to time, either by private Auditors, or by the Auditor prescribed under section 19 of the Act, the whole expense of such audit being debited to the trust concerned. Such Auditors shall be selected by the Official Trustee, unless Government shall, in any case, name the Auditors who are to be employed.

26. *Procedure on payments to creditors.*—(1) In dealing with the payment of claims of creditors the amount of which claims have been transferred by the Official Trustee to the credit of the Dividend Account the Official Trustee shall in each case, as soon as he is in a position to pay such claims, forward a special notice to each creditor whose claim has been admitted and registered together with a form of receipt for the amount payable to him, for his signature, whether such receipt represents the total amount of his claim or a dividend and such notice shall be sent to the creditor at his registered address. On presentation of the receipt duly signed, accompanied by the Registry Certificate (unless the non-production of the latter be satisfactorily accounted for) the amount shall be paid and debited in the Dividend Account.

(2) The Registry Certificate, where payment is made in full, shall be retained; but where only a dividend is paid it shall be returned to the creditor with an endorsement thereon showing the amount of the dividend so paid.

(3) All sums of money which have been transferred to the Dividend Account as hereinbefore provided for, and which shall remain unclaimed in such account for a period of three years from the date of the transfer, shall, if they exceed the aggregate of Rs. 500 in any estate, thereafter be invested in Government securities which shall be earmarked to the particular estate in that account and all interest realised on such securities shall be credited to that account. Any creditors who subsequently come forward to receive payment will be paid their proportionate share of the interest on such securities and should there be a loss on the general balance of the account owing to the depreciation in the value of the securities at the time of sale, they will have to bear their proportionate share of such loss:

Provided that where any such sums as aforesaid have remained to the credit of such account for a period of twelve years from the date of transfer thereto the same shall be transferred to the Government as if they were sums transferable under section 52 of the Act.

27. *Investments.*—The Official Trustee may invest or retain invested money belonging to any trust in any investment authorised by the instrument creating the trust and, unless expressly forbidden by such instrument, in any securities specified in sections 20 and 20A of the Indian Trusts Act, 1882 (II of 1882), or authorised by any other law for the time being in force for the investment of trust funds.

28. *Safe custody of Securities.*—(1) All Government securities, debentures and shares coming into the possession of the Official Trustee shall, as soon as practicable, be lodged in the Bank for safe custody, except in any case in which it may be necessary for him to retain them temporarily for any special purpose. All such securities or shares shall, as soon as practicable, be endorsed or transferred into the name of the Official Trustee and earmarked to the trust to which they respectively belong.

(2) All securities lodged under this rule may be withdrawn on requisition signed by the Official Trustee.

29. *Safe custody of valuables and documents.*—There shall be maintained in the office of the Official Trustee a room which shall be provided with iron safes for the safe custody of all cash, currency notes and other securities and other assets, such as jewels, ornaments and articles of a like nature, and also title-deeds and other documents belonging to the trusts, and the keys of such room and safes shall be kept in duplicate; one set in the possession of the Official Trustee and the other set in the Bank. All jewels, ornaments and other articles of a like nature which are of any substantial value shall, as soon as possible, be listed and valued by a competent valuer to be selected by the Official Trustee. When the value of the jewels or other articles exceeds Rs. 500, the Official Trustee shall, after they have been valued, deliver them for safe custody to the Bank or to any other Bank or firm approved by the Government in this behalf; and if their value does not exceed Rs. 500, he may either deliver them to such Bank or firm for safe custody or retain them in the strong room in his office.

The safe-custody charges of the Bank or firm shall be debited to the trust concerned.

The Official Trustee shall also be at liberty to destroy all or any books kept by him which contain entries of transactions relating to the administration of trusts, the administration of which was closed 50 years prior to the date of destruction.

33. *Management of zemindaris.*—In order to secure efficient and economical management of zemindaris being trust properties under charge of the Official Trustee the costs of the management of which are debitable to trusts under the provisions of section 18 of the Act, it shall be open to the Official Trustee to employ a General Manager and such assistants as may be necessary for the management thereof instead of employing separate managers and assistants in the case of each trust. The salaries of the manager and assistants and other expenditure of the zemindari department, including rent payable for the accommodation occupied by the zemindari department, which are not incurred specifically on account of any particular trust concerned, shall be rateably divided amongst all the trusts concerned, approximately, in proportion to the amount of the annual collections of the various zemindaris, or in such manner as may from time to time be decided, taking also into account the nature and the amount of work involved in the management thereof. Each trust shall, however, be debited with any particular expenditure solely and exclusively incurred on its account. The general expenditure shall be so regulated that in no case shall any trust be debited with a larger sum than it would ordinarily cost to manage it, were the property belonging to it placed under the management of its own separate staff.

4. *Rule under section 9.*—In discharging the duty imposed by section 9 of the Act the Administrator General shall have regard to the following directions, namely:—

- (1) If no steps have been taken in any Court of competent jurisdiction to obtain probate or letters of administration, within one month of the date on which the Administrator General has had notice of the death, the Administrator General shall proceed to take the necessary steps to obtain administration:

9. *Reduction of fees.*—If in any case it appears to the Administrator General that the circumstances of an estate proposed to be administered by him are, or probably will be, such as to render his duties in relation thereto exceptionally simple or otherwise of an exceptional character justifying this course, he may remit any part (not exceeding one-half) of any prescribed fee; and in every such case the reasons for so doing shall be recorded by him and a report of such case shall forthwith be submitted to the Government.

10. *Composition of fees.*—Where, in the opinion of the Administrator General, the income of any assets appertaining to an estate is not liable to serious fluctuations, he may, from time to time, agree with the person or persons entitled to such income to accept, in lieu of the income-fee

A report of each case shall forthwith be submitted to the Government.

11. *Valuation for calculating fees under section 42.*—For the purpose of calculating fees under section 42 of the Act, the following procedure shall be adopted:—

B. Value of immovable assets.

This shall be taken at the value placed thereon for the purpose of probate or administration or on the valuation of an expert subject to adjustment on sale, if sold.

13. *Time of payment.*—All fees payable under section 42 of the Act shall be paid by or debited to the estates on taking possession or on realization of the assets, as the case may be, and no further fees shall be charged on distribution.

14. *Method of payment of fees.*—The Administrator General may agree to the payment of any fee payable to him under the Act, by such instalments and in such manner as shall seem to him just and reasonable.

15. *Adjustments of fees in accounts.*—The account of each estate in regard to fees payable shall be adjusted every half-year on 30th June and 31st December, respectively:

Provided that where any such sums as aforesaid have remained to the credit of such account for a period of twelve years from the date of transfer the same shall be transferred to the Government as if it were a sum transferable under section 52 of the Act.

26. *Audit.*—(i) The accounts of the Administrator General shall be audited by the person or firm appointed in that behalf from time to time by Government. Such appointments shall be notified in the *Calcutta Gazette*.

Act IX of 1914 (the Local Authorities Loans Act, 1914).

Notification, dated the 17th January, 1890 (published in the "Calcutta Gazette" of 1890, pt. 1B, p. 13).

Under ‡rules 11 and 10 of the rules prescribed by the Government of India under the §*Local Authorities Loans Act, 1879*, in the notifications of the Department of Finance and Commerce, Nos. 15 and 16, respectively, dated the 1st January, 1889, the Lieutenant-Governor has been pleased to authorise the Inspectors of Local Works in their respective jurisdictions to inspect all works undertaken by District Boards and Municipalities by means of loans granted to or raised by them under these rules, and the accounts connected therewith.

Municipal Department Circular No. 9T.—M., dated the 13th May, 1904, to Commissioners of Divisions.

The attention of the Lieutenant-Governor has been drawn to the anomaly which at present exists, in the matter of the inspection of works carried out by means of loans from Government by reasons of the absence of orders, enjoining by what officers each such inspection should be made. Supervision in these cases is sometimes exercised by the Inspector of Works, at others by the Superintending Engineer or Executive Engineer, and in certain cases by the Sanitary Engineer. In order to systematise the procedure, it has been considered desirable to lay down specific rules on the subject.

2. The Lieutenant-Governor is accordingly pleased, in exercise of the authority vested in him by **rule 11 of the rules promulgated by the Government of India in Finance and Commerce Department's Notification No. 15, dated the 1st January, 1889, for the grant of loans to local authorities by Government, to authorise the officers named below to inspect the municipal works specified in each case, which have been constructed from loan funds, and the accounts connected therewith:—

- (1) in the case of all major works (i.e., works costing over Rs. 2,500 each) except electrical works, the Sanitary Engineer, Bengal;
- (2) in the case of all minor works (i.e., works costing up to Rs. 2,500 each), except electrical works, the Superintending or the Executive Engineer, or the Inspector of Works; and
- (3) in the case of all electrical works, the Electrical Engineer, Bengal.

†Rules 11 and 10 correspond to rule 12 of the rules published with Notification No. 1020A., dated the 10th November, 1914 (see *Gazette of India*, 1914, p. 1888).

§Repealed and re-enacted by Act IX of 1914.

**Rule 11 of the rules published with Notification No. 15, dated the 1st January, 1889, corresponds to rule 12 of the rules published with Notification No. 1020A., dated the 10th November, 1914 (see *Gazette of India*, 1914, p. 1888).

3. Nearly all the public works undertaken by municipalities are sanitary works, over which, by virtue of his functions, the best supervision can be exercised by the Sanitary Engineer. That officer being a Superintending Engineer is similarly quite qualified to supervise other municipal works that are not connected with sanitation, with the exception only of electrical works. If in any special case it may be necessary that a major work, other than electrical, should be supervised by a Superintending or Executive Engineer or an Inspector of Works, the case should be submitted for the orders of Government.

4. I am to request that these instructions may be communicated to the municipalities in your division.

Notification No. 11743-F.B., dated the 29th August, 1930 (published in the "Calcutta Gazette" of 1930, pt. I, p. 175).

In exercise of the powers conferred by section 4, sub-section (1), of the Local Authorities Loans Act, 1914 (IX of 1914), the Governor in Council is pleased to make the following amendment in the Local Authorities Loans Rules, 1915, published under Government of India notification †No. 1020A., dated the 10th November, 1914, namely:—

After rule 18 of the said rules the following shall be inserted, viz.:—

"18A. Notwithstanding anything contained in these rules, the **Provincial Government* may fix any period not exceeding 60 years by the end of which all obligations arising from a loan sanctioned under the Act or from any subsequent loan taken for the purpose of liquidating it, shall be finally discharged; and the payments to be made by the local authority as aforesaid shall be calculated on the basis of the period thus fixed and not on the currency of any particular loan which may be issued. Such period may be fixed having regard to the nature of the work for which the loan is taken, notwithstanding that the loan be originally issued for a shorter term with a view to its repayment by further subsequent loan or loans to be issued for the purpose, as may be found expedient, with the sanction of the **Provincial Government*."

Notification No. 2T.P.H., dated the 10th April, 1930 (published in the "Calcutta Gazette" of 1930, pt. I, p. 582).

In exercise of the power conferred by sub-section (2) of section 4 of the Local Authorities Loans Act, 1914 (Act IX of 1914), as modified by section 2 of the Devolution Act, 1920 (Act XXXVIII of 1920), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules:—

Such notices appearing in the *Calcutta Gazette* shall be separately filed.

In exercise of the powers conferred by section 24 of the Indian Securities Act, 1920 (X of 1920), as adapted by the Government of India (Adaptation of Indian Laws) Order, 1937, the Governor is pleased to make the following rules, the same having been previously published as required by sub-section (1) of the said section, namely:—

1. *Short title and application.*—(1) These rules may be called the Bengal Government Securities Rules, 1938.

(2) They shall apply only in the case of securities issued by the Provincial Government of Bengal.

2. *Definitions.*—In these rules, unless there is anything repugnant in the subject or context—

(b) "Bank" means the Reserve Bank of India as constituted by the Reserve Bank of India Act, 1934;

(c) "District Magistrate" has the same meaning as in the explanation to sub-section (2) of section 13 of the Act;

Rules relating to stock.

3. *Payment of interest.*—Interest on stock shall be paid on warrants issued by the Public Debt Office and payable at the local office of the Bank. Such warrants may, at the request of the holder of the stock certificate, to be preferred in writing to the Public Debt Office, be made payable at any other Indian office of the Bank or any agency thereof conducting treasury business for the Provincial Government of Bengal or at any treasury. The presentation of the stock certificate shall not be required at the time of payment of interest, but the payee shall acknowledge receipt on the back of the warrant.

4. *Issue of duplicate certificate in case of loss, theft or destruction of original.*—A duplicate stock certificate may be issued by the Public Debt Office on its being satisfied that the original certificate has been actually lost, stolen or destroyed.

5. *Procedure for conversion, etc.*—Subject to any general or special instructions of the Bank, the Public Debt Office, may, on the application of the holder of the relevant stock certificate or stock certificates, and on

his receipting the same in Form, I, II or III, as the case may be, issue converted, consolidated or subdivided securities in place thereof.

6. *Recognition of trusts, etc.*—(1) On a proper demand made by a person in whose name any stock is registered, or by a person into whose name any stock is to be transferred, or by a person who desires to be entered as the proprietor of stock in exchange for promissory notes held by him, that he may be described in the books of the Public Debt Office with respect to that stock as a trustee, whether as a trustee of the trust specified in the demand or as a trustee without any such qualification, the Public Debt Office may make such entries in its books and in any stock certificate issued in connection therewith as it considers reasonably necessary for the purpose of complying with the demand.

(2) If the demand is made by a person in whose name stock is registered or by a person into whose name stock is to be transferred, the stock certificate shall be transmitted to the Public Debt Office with the demand.

(3) Where any transfer-deed, power-of-attorney or other document purporting to be executed by a stock-holder described in the books of the Public Debt Office as a trustee is produced to the Public Debt Office, the Public Debt Office shall not be concerned to inquire whether the stock-holder is entitled under the terms of the trust to give any such power or to execute such deed or other document, and may act on the transfer-deed, power-of-attorney or document in the same manner as though the stock-holder had not been so described, and whether the stock-holder is or is not described in the transfer-deed, power-of-attorney or document as a trustee, and whether he does or does not purport to execute the transfer-deed, power-of-attorney or document in his capacity as a trustee.

7. *Recognition of office-holders.*—(1) On a proper demand made by a person who is the holder of an office other than a public office, the Public Debt Office may, in the case of any account of Government stock to be opened and kept with such person, either alone or jointly with other persons, enter the description of such persons in its books by the name of his office.

(2) Where any person holding any Government stock, whether alone or jointly with other persons, is the holder of any office other than a public office, the Public Debt Office may, on a proper demand made by that person, or in the case of a joint account, by all the stock-holders, close the existing account and open an account with respect to that stock, or alter the existing account, so that it shall become an account under the official description of that person, either alone or jointly with the other stock-holders, according to the terms of the demand, and make such entries in its books as it considers reasonably necessary for the purpose of complying with the demand.

(3) Where accounts have been opened and entries made in accordance with clause (1) or clause (2), the personal name of the office-holder need not be stated in the accounts, and any document relating to the stock concerned may be executed by the person for the time being holding the office described in the account as if his personal name were so stated.

(4) Before acting on any demand purporting to be made, or on any document purporting to be executed, in pursuance of this rule by a person as being the holder of any office, the Public Debt Office may require the production of evidence that such person is the holder for the time being of that office.

8. *Receipt required on discharge of a stock certificate.*—When a stock certificate is presented for discharge, a receipt shall be taken on the certificate itself or a separate receipt shall be given by the party presenting it.

*Rules relating to Promissory Notes.**(a) Rules relating to Promissory Notes other than Treasury Bills.*

9. *Payment of interest.*—Interest on a Government promissory note shall be paid at any treasury for payment of interest at which the note has been enfaced, but only on presentation of the note itself and on signature by the payee of a receipt in Form IV. Where, however, interest on a Government promissory note is payable at a place where a Public Debt Office is located, the note shall be presented at that Public Debt Office which shall issue interest warrants in favour of the holder payable at the local office of the Bank.

10. *When receipt for renewal may be required.*—The holder of any such note may be required to receipt the same for renewal in any of the following cases, and, where such requisition has been made, payment of any further interest on such note may be refused until the note is receipted for renewal and actually renewed, namely:—

- (e) if the interest cages on the reverse of the note have been completely filled or if the vacant printed cages on the reverse of the note do not correspond with the half-years for which interest has become due on the date when the note is presented for drawal of interest;
- (f) if the note having been enfaced three times for payment of interest is presented for re-enfacement; and
- (g) if, in the opinion of the Public Debt Office, the title of the person presenting the note for payment of interest is irregular or not fully proved.

11. *Report to the Public Debt Office of loss, theft or destruction of promissory note.*—(1) Every application for the issue of a duplicate note in place of a Government promissory note which is alleged to have been lost, stolen or destroyed, either wholly or in part, shall be addressed to the Public Debt Office, and shall be accompanied by a statement of the following particulars, namely:—

- (b) in all other cases shall be for twice the face value of the note *plus* twice the amount of interest calculated in accordance with clause (a).

(2) The Bank may direct that such indemnity bond shall be executed by the applicant alone or by the applicant and one or two sureties as it may think fit, or that in lieu of furnishing personal sureties the applicant shall furnish collateral security in the shape of Government securities to be deposited with the office of the Bank at Calcutta for such amount and period as it may think fit.

(b) *Rules relating to Treasury Bills.*

16. *Report of the loss, theft or destruction of treasury bill.*—(1) Every application regarding a treasury bill alleged to have been lost, stolen or destroyed, either wholly or in part, shall be addressed to the office of the Bank which issued it, and shall be accompanied by a registration fee of Re. 1 per treasury bill and a statement of the following particulars, namely:—

18. *Payment of amount due.*—(1) After the publication of the notifications referred to in rule 17, the Bank shall, if it is satisfied of the loss, theft or destruction of the treasury bill, and of the justice of the claim of the applicant, cause the particulars of the treasury bill to be included in a list such as is referred to in sub-section (3) of section 10 of the Act, and may authorise the office of issue to pay immediately, or, if the bill has not matured in the meanwhile, on the date of its maturity, the value of the bill to the applicant on the execution of an indemnity bond such as is hereinafter mentioned, provided that, if for any reason the Bank holds that payment of the value of the treasury bill as above would involve risk of loss to Government, it may withhold payment thereof, and in that case shall, within six weeks of the date of its decision to withhold payment or of the date of maturity of the treasury bill alleged to have been lost, stolen or destroyed, whichever date is later, invest the amount of the treasury bill in the Post Office Savings Bank unless, before the expiry of such period, the applicant has made a specific request for the investment of the amount in securities of any of the current rupee loans of the Central Government or the Provincial Government of Bengal maturing not earlier than the date on which the amount is due for payment, and in that case the Bank shall invest the amount in such securities and deposit the balance, if any, left after such investment in the Post Office Savings Bank. The Bank shall repay the amount invested in the Post Office Savings Bank, together with any interest which may have accrued thereon and, if any investment has been made in Government securities, shall deliver such securities, together with the interest accrued thereon, to the applicant on the expiry of six years from the date of publication in the list mentioned above.

(2) The indemnity bond referred to in sub-rule (1) above shall be for twice the value of the treasury bill. The Bank may direct that such indemnity bond shall be executed by the applicant alone or by the applicant and one or two sureties or that in lieu of furnishing sureties the applicant shall deposit with the office of the Bank at Calcutta collateral security in the shape of Government securities for such amount and period as it may think fit.

(c) *General.*

19. *Publication of list.*—(1) The list referred to in rule 13 and clause (1) of rule 18, shall be published half-yearly in the *Calcutta Gazette* in the months of January and July, or as soon afterwards as may be convenient.

(2) Any declaration made under clause (c) of sub-section (1) of that section shall be published, as soon as possible after the date on which the declaration is made in three successive issues of the *Calcutta Gazette* and, if the note was enfaced for payment of interest at any office of the Bank outside the province of Bengal, of the official *Gazette* of the place where the interest on the note was payable.

Provided that no fee shall be payable—

(a) in respect of the conversion of a Government promissory note into stock certificate, and

- (b) in respect of the renewal of a note which bears no indorsement other than an indorsement by the Reserve Bank of India, the Imperial Bank of India, or the Accountant-General, Bengal, his Deputy or Assistant, and the renewal indorsement, when such renewal is required only on account of there being no further space on the note in which to record payment or enfacement for payment of interest.

25. *Indemnity bonds.*—An indemnity bond taken on the issue of a renewed, converted, consolidated or subdivided security shall be, as nearly as may be, in Form IX. It shall be for twice the amount of the security or securities, as the case may be, and shall be executed by the applicant alone or by the applicant and one or two sureties, as may be directed. The applicant may also be allowed to deposit, for such amount and period as may be considered fit, collateral security in the shape of Government securities instead of furnishing personal sureties.

Special procedure in certain cases.

26. *Government securities held by minor or lunatic.*—(1) When a Government security stands in the name of or is held by a minor or a lunatic who is incapable of managing his affairs, interest or the capital sum payable on the maturity of the loan may, where, in the case of interest payable, the nominal value of the security, or in other cases the sum payable does not exceed five thousand rupees, be paid to the father or, if he be dead, to the mother of such person on the officer making the payment being satisfied as to the identity of the father, or mother, as the case may be.

(2) If such payment be made at a place other than that at which such minor or lunatic and his father or mother ordinarily reside, payment may be made on production of a certificate of identity signed by any Magistrate.

(4) If the value of the securities standing in the name of a minor or lunatic exceeds five thousand rupees, payment shall not be made unless and until the applicant for payment shall have produced evidence to the satisfaction of the officer making payment that he is the legal guardian of such person.

27. *Small holdings of deceased persons.*—The Bank shall exercise the powers and perform the duties referred to in section 19 of the Act.

28. *When maker of a document is unable to write.*—(1) If any person by whom any document relating to a Government security is to be executed, or by whom an indorsement is to be made on a promissory note, satisfies a Magistrate that he is for any reason unable to write, and that the effect of the document or indorsement is fully understood by him, and that he is the person whom he represents himself to be, such Magistrate may, at the request of that person and subject to the provisions of this rule, execute the document or sign the indorsement on his behalf.

(2) Where any such document is to be executed or indorsement signed by a Magistrate under this rule on behalf of any person, the Magistrate shall execute the document or sign the indorsement in the presence of that person, and shall enter below his own signature a certificate to the effect

29. *Application for information.*—(1) Any person requiring information regarding a Government security in the custody of the Public Debt Office may apply to that office in writing, stating the form in which the information is required.

(2) Every such application shall state with precision the particulars (namely, the number, rate of interest, loan to which it belongs and the face value) of the security and shall contain a statement of the purpose for which the information is required and of the interest of the applicant in the security. If any of the above particulars are not known to the applicant, the Bank may, on application being made to it, direct the Public Debt Office, at its discretion, to supply the required particular or particulars, if available, to the applicant, subject to such conditions and on payment of such fees, if any, as it may specify.

30. *Disposal of application.*—The following provisions shall be observed in dealing with applications under rule 29:—

- (1) If the application relates to a security which has been renewed, converted, consolidated or subdivided or asks for inspection from any register or book kept or maintained in the Public Debt Office, the application shall be refused.
- (2) If the application asks for inspection of a security which has been cancelled on payment of the amount due in respect thereof, it shall be referred to, and disposed of under the orders of, the Bank.
- (3) In any other case the Public Debt Office may, subject to the provisions hereinafter contained, grant a certified copy of any indorsement on a security or of any entry in any register or book maintained by that office relating to any security, on being satisfied that the security in question has stood in the name of the applicant or of a person in whom the applicant has a representative interest, and further that the applicant has a *bona fide* interest in the security in respect of which the application is made:

Provided that if the security has been cancelled on payment of the amount due in respect thereof, no copy of any indorsement thereon shall be granted which purports to give a title subsequent to the termination of the applicant's interest in the security.

- (4) The Public Debt Office may, under a special order of the Bank, supply any information regarding a security referred to in clause (3) which is directed to be supplied by such an order.

31. *Fees.*—(1) Every applicant shall before any information is supplied to him under rule 29 or rule 30 pay a fee of Re. 1 for each security in respect of which any information is supplied and shall execute a bond of indemnity as nearly as may be in Form X for twice the value of the security or securities involved and the interest paid thereon since the date of issue.

(2) A fee of Re. 1 shall be paid for each certified copy granted under rule 30.

Rules.

1. *Taking of photographs.*—No Magistrate shall order a photograph of a convict or other person to be taken by the police for the purposes of the Identification of Prisoners Act, 1920, unless he is satisfied that such photograph is required for circulation to different places, or for showing it, for the purpose of identification, to a witness who cannot easily be brought for a test identification to the place where the investigation is proceeding, or that the photograph is required to be preserved as a permanent record.

2. *Place for taking measurements and photographs.*—Measurements and photographs shall invariably be taken in or alongside the court police office, or inside a police-station or a jail, and in no case shall they be taken in view of the public.

3. *Manner in which photographs are to be taken.*—Photographs shall be taken of the head and shoulders only with full face and profile, in quarter-plate size.

4. *Finger prints.*—Measurements of finger prints shall be taken in the following manner, namely:—

When the right hand has been finished, the operator shall proceed to take the prints, "rolled" and "plain," of the left hand in a

similar manner. The "rolled" prints shall show the complete contour of the bulbs of the fingers. The impressions of the upper phalanx of fingers only shall appear.

(2) If any finger is missing, or is so deformed that it is impossible to obtain an impression, the fact shall be noted in ink in the space allotted for that finger by the word "missing" or "deformed." In the case of double fingers, the prints of both fingers shall, if possible, be taken; and if this is not possible, then the print of the more prominent of the two fingers shall be taken.

(3) Impressions shall be taken with printers' ink.

(4) A "rolled" print shall be obtained by first inking the bulb-surface of the finger between the boundaries of the nail and then lightly rolling the inked finger over on to the paper once, the plane of the nail being at right angles to the plane of the paper.

(5) A "plain" print shall be obtained by lightly placing the inked finger flat upon the paper without any turning movement.

5. *Foot-prints*.—Measurements of foot-prints shall be taken in the following manner, namely:—

A tin slab shall be inked with printers' ink by means of a roller. The person to be measured shall be barefooted and shall place each foot in turn first on to the inked slab and then upon a piece of paper kept at a suitable distance.

6. *Height*.—A measurement of height shall be obtained by making the person to be measured stand erect, barefooted, on a measuring standard and recording his actual height.

7. *Dress*.—The dress to be worn by a person, when being photographed, shall be his ordinary every day attire, or in the case of persons impersonating others, the usual attire of the person or class of person impersonated.

8. *Records*.—The records of measurements and photographs shall be preserved as follows:—

(b) The Executive Officer shall, not less than eighteen days before the date of election, scrutinise the nomination papers after giving three days' notice of the date, place and hours fixed for the purpose by publication in the cantonment office. 18. In the event of the number of candidates for election in a cantonment or in any ward of it not being greater than the number of vacancies such candidates shall be deemed to be elected. If the number of candidates exceeds number of vacancies a poll shall be held.

19. The poll shall be held at such time and place as the Officer Commanding the station may determine, and the place at which and the hours between which the votes will be recorded shall be notified by beat of drum, and by the publication of notices at the same time as the list of candidates is published under rule 15.

20. After the second hour mentioned in the notice referred to in rule 19 no elector shall be admitted within the building or enclosure within which the election proceedings are being held, but the votes of all duly enrolled electors who are already within the building or enclosure shall be recorded.

21. Every elector shall be entitled to vote for the ward in which he ordinarily resides, or in which he is assessed to pay the rates in a cantonment in which there are wards and for no other.

He shall be entitled to give as many votes as there are vacancies for the ward in the Cantonment which is divided into wards and for a Cantonment which is not divided into wards he shall be entitled to give as many votes as there are vacancies.

He shall not give more than one vote to any one candidate.

22. The Officer Commanding the station shall appoint a polling officer, who is not himself a candidate for election, to preside at the election at each polling station. If the polling officer for any reason fail to attend, the Officer Commanding the station shall appoint another fit and proper person who is not himself a candidate for election to take his place.

23. All votes shall be given in person and no votes shall be received by proxy or in writing.

24. On the morning of the election day the polling officer shall be supplied with a ballot box provided with an aperture for receipt of voting papers, a copy of the electoral roll, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in the roll.

25. The voting paper shall be printed in Bengali or English or both, in Form C annexed to these rules, and shall contain the names of all the candidates arranged alphabetically in the order of their surnames.

26. (1) On the day of the election the polling officer shall admit to the polling station the candidates and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Besides candidates and their agents only voters and such persons (if any) as may be admissible under special directions given by the polling officer shall be admitted to the polling station.

27. The candidates and their agents shall not speak to or address any intending voter in the polling station, but may submit to the polling officer objections to a voter on the following three grounds:—

First—That his name is not on the electoral roll of the ward or cantonment, if there are no wards, as the case may be, in respect of which the election is being held.

Second—That his claim to be a certain voter shown on the electoral roll is false.

Third—That he has already voted.

28. The procedure for recording each voter's vote shall be as follows:—

(i) As each intending voter enters the polling station, his name and his number in the electoral roll shall be called out so that everybody present can hear them.

(ii) No objection to a voter shall be entertained except on the grounds mentioned in rule 27.

(iii) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(iv) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(v) The number of the voter in the electoral roll shall be marked on the counterfoil of the voting paper.

(vi) The voter on receiving the voting paper shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot box.

(vii) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot box.

29. Immediately before the commencement of the poll the polling officer at any polling station shall show the ballot box to be used at the poll to such persons as may be present in such station, so that they may see that it is empty and he shall then lock it up and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall keep it so locked and sealed. On the conclusion of the poll the ballot box shall be opened and the votes counted in the presence of the candidates or their agents by the polling officer and the polling officer shall then and there declare the candidate or candidates as the case may be, to whom the largest number of valid votes has been given, to be elected and report the result of the election to the Executive Officer. He shall also seal up the book of counterfoils and unused foils of voting papers and make it over to the Officer Commanding the station who shall keep it sealed in his own custody till it is destroyed under rule 34.

30. Any voting paper which is not duly marked or on which a mark is placed in such a manner as to make it doubtful to which candidate it has been given or on which any mark is made by which the voter may afterwards be identified shall be invalid.

31. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equal number of votes being elected, the election of one of such candidates shall be made by lot to be drawn by the polling officer in such manner as he may determine.

32. In the event of any candidate being elected for more than one ward, in a cantonment in which there are wards, he shall, within five days from the date of election, declare which ward he will represent; and if he fail to make such declaration, the Officer Commanding the station shall forthwith declare the ward which such candidate shall represent, and in either case such candidate shall be held to be elected in the ward in respect of which either of such declaration has been made, and in every other ward in which the said candidate has been returned, the result of the election shall be determined as if no votes had been recorded for him, provided that if there is no other candidates for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

33. When the voting papers have been scrutinized and counted they shall forthwith be replaced in the ballot box from which they were taken, and the box, after being locked and sealed with the cantonment seal, shall be kept by the Executive Officer in safe custody.

34. On the expiry of fifteen days from the date of declaration of the result of election, the voting papers in the ballot box and the sealed book containing unused voting papers and counterfoils in the custody of the Officer Commanding the station shall be destroyed in the presence of such member of the Board or officers as the members at a meeting may appoint for this purpose.

35. The name or list of duly returned candidate or candidates, as the case may be, for the whole cantonment shall be forwarded by the Executive Officer to the District Magistrate, who will forward the same to the ¹[Provincial Government] for publication in the *Calcutta Gazette*.

VI.—*Disputes.*

(vi) "Case" means a packed box containing a number of gross of match boxes.

CHAPTER II.

WAREHOUSES AND FINISHING ROOMS.

3. An owner of a manufactory who has obtained a license under section 9 of the Act shall keep all matches, which have been packed in cases or packages and are ready for issue, in a place of storage to be approved by the Commissioner. This place of storage shall be called a warehouse and shall be kept under lock and key by the licensee except during the working hours.

4. Finished matches, whether packed or unpacked, shall be kept by the licensee, except during the working hours, in a part or parts of the premises under lock and key, if they cannot be sent to the warehouses during the day.

Note.—Splints which have been dipped into a composition shall be considered to be finished matches for the purpose of this rule. The Commissioner may permit a deviation from this rule in the case of finished matches which have not been released from frames.

5. The Matches Excise Inspector shall affix a duplicate lock to each warehouse and finishing room and shall keep the key immediately outside in a locked glass case which may be broken open by the licensee in case of any fire in the manufactory or for other urgent reasons which should be reported to the Collector in the course of the day.

6. Before locking up for the night the room or rooms in which finished matches are stored, the Matches Excise Inspector shall personally inspect the same and make a memorandum of the contents in Form VIII appended to this Order. He shall verify the entries in this form every morning when the room or rooms are unlocked. If any shortage or excess is detected he shall forthwith report the fact to the Collector.

CHAPTER III.

TRANSFER OF MATCHES FROM THE FINISHING ROOMS OF THE MANUFACTORY TO THE WAREHOUSE.

7. The Matches Excise Inspector shall supervise the packing of matches into boxes, and of boxes into packages, and of packages into cases in the finishing rooms so as to reduce the necessity of opening the cases or packages for check in the warehouse.

8. All matches when packed in cases or packages and ready for issue shall be removed from the finishing rooms to the warehouse covered by a pass in duplicate in Form IX appended hereto issued by the licensee or his servant duly authorised by him in this behalf. The cases or packages shall bear consecutive running numbers, the date of packing and the number of gross of boxes contained therein. The pass shall contain the following information :—

- (a) date;
- (b) total number of cases or packages; and
- (c) description, *i.e.*, number of cases or packages, number of gross of boxes contained in each case or package and number of matches contained in each box.

9. On arrival of the consignment at the warehouse the Matches Excise Inspector shall examine the details of the consignment with the pass granted by the licensee, and on his being satisfied that they are correct allow the consignment to be stored in the warehouse. He shall then sign the duplicate of the pass and return it to the licensee in token of his having taken the consignment in his charge. The original pass shall remain on the Matches Excise Inspector's record.

10. In case of doubt as to the number of matches contained in a box, or the number of boxes contained in a gross, or number of gross of boxes in a case or package, the Matches Excise Inspector shall require the licensee to open the case or package, and examine it in the presence of the licensee or his authorised agent or servant. If he finds any discrepancy between the actual contents of the case or package and the details as declared in the pass granted by the licensee he shall seal the case or package with his official seal, retain the case in the warehouse and submit a report in the matter to the Collector who, after due investigation, will take such action as is contemplated under the Act.

11. The cases or packages of different sizes shall be classified according to the average number of matches contained in a box and the number of gross of boxes in each case or package, and each class of cases or packages shall be stored separately from the other classes so as to facilitate inspection at, and issue from, the warehouse.

CHAPTER IV.

ISSUE OF MATCHES FROM THE WAREHOUSE.

12. When the licensee desires to remove cases or packages of matches from the warehouse for issue he shall give notice in writing of his intention to do so to the Matches Excise Inspector sufficiently in advance to enable the latter to write the permit, and to record the transaction in the daily register of issues. The notice shall contain the following information and shall be in Form X appended hereto:—

- (a) Date and time of issue;
- (b) Total number of cases or packages to be issued;
- (c) Total number of gross of boxes contained in each case or package;
- (d) Average number of matches contained in each box; and
- (e) Consignee and place of destination.

13. On receipt of the notice from the licensee the Matches Excise Inspector shall examine the details furnished by the licensee, and issue a permit in triplicate in Form XI appended hereto and allow the consignment to be cleared from the warehouse.

14. One part of the permit (the original) shall be handed over to the licensee, the second (the duplicate) shall accompany the consignment as far as the gate of the manufactory where it shall be delivered by the licensee or his servant accompanying the consignment to the Excise guard at the gate when taking the consignment out of the manufactory compound, and the third (the triplicate) shall remain on the record of the Matches Excise Inspector. The Excise guard on duty at the gate shall satisfy himself that the number of cases or packages in the consignment is the same as that entered in the permit and, that all cases or packages bear Government labels, duly stamped and initialled. He shall then cancel each label with a stamp allow the consignment to pass through the gate. The Excise guard shall return the duplicate of the permit to the Matches Excise Inspector duly endorsed by him in token of his having checked and passed the consignment. If the Excise guard finds that there is any package not properly labelled or that there is any difference between the number of cases or packages of matches contained in the consignment and that shown in the permit he shall not allow the consignment to pass through the gate, but report the matter to the Matches Excise Inspector, who shall immediately check the consignment and in the event of his finding any excess or deficit in the number of cases or packages or any other irregularity, take such further action as is prescribed under the Act or rules, or orders of the Commissioner. Matches issued from the warehouse must pass straight through the manufactory gate; and no matches shall be allowed to enter the manufactory.

15. After receiving a consignment into the warehouse the Matches Excise Inspector shall cause labels bearing the Government Coat of Arms, the name of the manufactory, to be pasted on every package or case of the

consignment. These labels shall be initialled and stamped with a date stamp by the Matches Excise Inspector when the consignment actually leaves the warehouse.

CHAPTER V.

ACCOUNTS.

16. The Matches Excise Inspector shall maintain four daily registers in Forms I, II, III and IV appended hereto. The details of each transaction of receipts and issues shall be recorded in registers I and II, respectively, before it is complete, while those in Forms III and IV shall be written before the warehouse is close. Copies of the entries in Forms I, II and IV shall be sent daily to the Collector immediately after the warehouse is closed. He shall prepare the monthly return in Form V on the first working day of the month following that to which it relates and forward a copy of the return to the Collector with the duplicate of the permits issued during the month.

17. On receipt of the licensee's monthly return in Form B prescribed by the **Central Government* in the Matches (Excise Duty) Order, 1934, the Collector shall check it with the corresponding entries in the monthly return in Form V, and if the two are found to tally, attach to the return in the said Form B a certificate to that effect. In the event of any discrepancy being found between the figures supplied by the licensee and the Inspector the Collector shall call upon the licensee to explain the difference.

18. The licensee shall also maintain two daily registers in Forms VI and VII in respect of the transactions of complete cases or packages removed to the warehouse. The register in Form VI shall be written as soon as the duplicate of the pass referred to in clause 8 *supra* is returned by the Matches Excise Inspector, while the register in Form VII shall be written after the day's transactions are over.

Schedule.

T. Jordan Shellac Factory, 61, Putiari Road, Old Tollygunge, post office Tollygunge, district 24-Parganas.

Notification No. 3354 Com., dated the 7th November, 1939 (published in the "Calcutta Gazette" of 1939, pt. I, p. 2819).

In exercise of the power conferred by section 38 of the Factories Act, 1934 (XXV of 1934), the Governor is pleased to permit all jute mills in the Province of Bengal to so arrange the periods of work of an adult worker in such mills that along with the intervals for rest of such worker under section 37 of the said Act, the said periods of work do not spread over more than thirteen and a half hours in any day.

Notification No. 52 T. Com., dated the 10th September, 1936 (published in the "Calcutta Gazette" of 1936, pt. I, p. 2282).

Whereas the Governor in Council is satisfied that the conditions of work in jute pressing factories are such that there is no appreciable risk of contravention of the provisions of Chapter IV of the Factories Act, 1934 (XXV of 1934), in the case of such factories:

Now, therefore, in exercise of the power conferred by the second proviso to sub-section (1) of section 41 of the said Act and in supersession of notification No. 8074 Com. of 5th August, 1935, the Governor in Council is pleased to exempt all jute pressing factories from the provisions of the said section in respect of all adult workers other than the mechanical and press house staff; provided that—

- (a) (i) in seasonal factories no such worker other than a worker engaged solely in the importing of raw jute shall be employed on a Sunday;
- (ii) in factories which have been declared not to be seasonal, no such worker shall be employed on a Sunday;
- (b) the periods for work shall be, in the case of factories in the district of Howrah, within the limits of 7 a.m. and 7 p.m. and in the case of other factories between the limits of 6 a.m. and 6 p.m.; and
- (c) the manager or occupier of any such factory shall, before he avails himself of the exemption granted under this order, serve on the Inspector and shall display in the factory in accordance with the provisions of sub-section (2) of section 76 of the said Act, a notice of his intention so to avail himself, and shall keep the notice so displayed for such time as he avails himself of the exemption.

Notification No. 94 T. Com., dated the 10th September, 1936 (published in the "Calcutta Gazette" of 1936, pt. I, p. 2282).

Whereas the Governor in Council is satisfied that owing to the nature of work carried on in jute pressing factories it is unreasonable to require that the periods of work of adult workers employed in such factories other than the mechanical and press house staff should be fixed beforehand:

Now, therefore, in exercise of the power conferred by sub-section (1) of section 44 of the Factories Act, 1934 (XXV of 1934), and in supersession of notification No. 8111 Com., dated the 5th August, 1935, the Governor in Council is pleased to order that the provisions of sections 39 and 40 of the

said Act shall be so relaxed that the said provisions will not apply to such workers provided the following conditions are observed, namely:—

- (a) (i) in seasonal factories no such worker other than a worker engaged solely in the importing of raw jute shall be employed on a Sunday;
- (ii) in factories which have declared not to be seasonal, no such worker shall be employed on a Sunday;
- (b) the periods for work shall be, in the case of factories in the district of Howrah, within the limits of 7 a.m. and 7 p.m. and in the case of other factories between the limits of 6 a.m. and 6 p.m., and
- (c) the manager or occupier of any such factory shall, before he avails himself of the relaxation granted under this order, serve on the Inspector and shall display in the factory in accordance with the provisions of sub-section (2) of section 76 of the said Act, a notice of his intention so to avail himself, and shall keep the notice so displayed for such time as he avails himself of the relaxation.

Act XXXII of 1934 (the Indian Tariff Act, 1934).

Notification No. 169 S.R., dated the 5th March, 1935 (published in the "Calcutta Gazette" of 1935, pt. I, p. 574).

In exercise of the powers conferred by the notification of the Government of India, Department of Finance and Commerce, No. 21128.R., dated the 20th April, 1903, and with reference to item No. 25(2) of the First Schedule to the Indian Tariff Act, 1934 (XXXII of 1934), the following rules are prescribed with the previous sanction of the Governor-General in Council to govern the remission of duty on salt issued for use in any process of manufacture in Bengal:—

Rules.

1. Every manufacturer wishing to be admitted to the concession shall make an application through the Collector of Customs to the Government of Bengal stating the process of manufacture in which he intends to use the salt. If he wishes the concession to extend to more than one factory or works, a separate application is required for each such factory or works.

2. If the application is sanctioned, the manufacturer shall forthwith execute and lodge with the Collector of Customs a memorandum in the form appended to these rules. He shall also pay to the Collector of Customs a fee of Rs. 100 a year to cover the cost of the requisite inspections and other departmental expenses involved:

Provided that if a manufacturer is admitted to a concession both in regard to imported salt and also in regard to manufactured salt, not more than a single fee shall be charged for each factory or works.

3. (1) The manufacturer shall in the first instance provide himself with salt, for use in the process mentioned in his application to Government under rule 1, by purchase in the market, and shall at the close of each quarter submit to the Collector of Customs an application for a refund of duty on the salt used in the said process during the quarter.

(2) The application shall contain the following particulars:—

- (i) the balance of salt in store at the beginning of the quarter,
- (ii) the quantity of salt purchased during the quarter,

- (iii) the quantity of salt used during the quarter and on which a refund of duty is applied for,
- (iv) the balance of salt in store at the close of the quarter, and
- (v) the quantity, weight and such other details as may be required of products manufactured during the quarter.

(3) The application shall also contain a declaration that the salt on which a refund of duty is applied for has been used *bona fide* in the process of manufacture and has not been used for any other purpose.

4. (1) The manufacturer shall provide and set apart for the storage of salt, purchased for use in the process of manufacture, a store-room securely constructed and with a strong door capable of being locked to the satisfaction of the Collector of Customs.

(2) Separate storage must be provided for salt manufactured in British India and for imported salt.

5. (1) The store-room shall not be opened except during day-light and by or in the presence of the store-keeper at the factory, and then only—

- (a) for the receipt of salt into store;
- (b) for the preparation by grinding and for the issue of salt required for purposes connected with the said process of manufacture; and
- (c) for check by weighment or otherwise of the stock of salt by the officer deputed on behalf of Government for the purpose.

(2) The store-keeper, who shall be approved by the Collector of Customs, shall retain the key of the store-room in his own possession.

6. All spent lye or other useless refuse containing salt shall be effectually destroyed on or near the factory or works in such manner as the Collector of Customs may direct.

7. The factory or works may be entered upon and examined at any time by any officer authorised by the Collector of Customs, and due facilities for the same and for the inspection of the manufacturer's salt register, as well as for checking the stock of salt received, expended and in hand, shall be afforded by the manufacturer and all other persons employed by him.

8. (1) The register referred to in rule 7 shall be written up daily and signed by the manufacturer or his manager, and shall be in the form hereto annexed.

(2) Separate registers shall be maintained for salt manufactured in British India and for imported salt.

9. The manufacturer shall furnish the Collector of Customs with a monthly statement to be posted by the 10th of each following month, showing the opening balance of salt at the beginning of the month, the quantity purchased during the month, the quantity expended during the month, the balance at the close of the month and the quantity of products manufactured during the month. The manufacturer's books showing the products manufactured shall be open for inspection at any time to the Collector of Customs or to any officer deputed by him.

10. On any breach of these rules by the manufacturer, or if it shall appear to the Collector of Customs that the concession is being in any manner abused, the Government may forthwith cancel the concession, and the manufacturer shall on demand refund all duty, the remission of which shall have been wrongfully claimed and sanctioned.

II. The Government of Bengal, Finance Department, notification No. 276S.R., dated the 29th January, 1918, is hereby cancelled.

6. The Inspector or other officer in charge shall be responsible that not less than the prescribed quantity of denaturant is used.

7. Before permitting the removal of the denatured salt from the golas, the Inspector or other officer in charge shall satisfy himself by a personal inspection that the process of denaturation has been thoroughly performed, and shall also require the owner of the denatured salt to furnish a written guarantee, that it is intended solely for use in a process of manufacture, which such owner shall specify, and that every possible precaution will be taken to prevent the article from being stolen or restored to a condition fit for human consumption.

8. Any proved case of duty-free denatured salt having been restored, or attempted to be restored, to a condition fit for human consumption shall disqualify the owner of the manufactory whence the impure article was obtained from being a custodian or consumer of such salt in future, and render the remainder of his stock of duty-free denatured salt liable to confiscation.

1. These rules may be called the Durgah Khwaja Saheb Committee Election Rules, 1938.

(ii) "counting of votes" includes all operations involved in the counting of votes at an election held under these rules;

(iii) "election" means an election under sub-clause (iv) of clause (e) of sub-section (1) of section 5 of the Act.

4. Any person may be nominated as a candidate for election subject to the provisions of section 5 of the Act.

5. The Returning Officer shall, subject to the approval of the President of the Bengal Legislative Council and the Speaker of the Bengal Legislative Assembly, appoint a date on or before which nominations of candidates for election are to be made and shall cause such date to be published in the *Calcutta Gazette*.

6. 13. Upon the completion of the counting of votes, the Returning Officer shall prepare and certify a return setting forth—
